WELCOME TO THE ANNUAL MEETING

The annual meeting provides an essential opportunity for residents of the School District of Colby to focus on the needs of the district, the achievements of our students, and the future of the district. Community involvement in local educational issues has been, and continues to be, the cornerstone of public education in the United States.

While the conclusion of the 2019-20 school year and start of the 2020-21 are unprecedented, we still must remain focused on the essential role of public education and the integral connection the public school has with the local community.

While the Federal & State Governments have a significant impact through laws/rules and funding, it remains the responsibility of local citizens to assure that their children receive the best possible education. Local communities and residents do this through the election of their Board of Education and involvement in their local schools. This is the philosophy we utilized in our Stakeholder Driven Strategic Planning process during the 2013-14 school year. The Stakeholder Driven Strategic Planning produces priorities and initiatives for the District. These priorities and the Specific Goals that accompany them were presented to the community annually in 2015, 2016. The Stakeholder Driven Strategic Planning Committee revised these during the 2017-18 school year.

Board of Education Approved Goals 2018-2021

Teaching and Learning

Defined as; The Colby School District will improve student learning through a rigorous and relevant curriculum delivered by high quality educators who use innovative, research-based strategies to prepare students who are college and career ready to compete in a global environment in the 21st century.

- Provide staff development opportunities for ALL staff to understand and expand their knowledge of classroom applications that increase student achievement.
- Support professional development priorities aligned with our Mission, Vision and Strategic Planning.
- Develop a recruitment strategy for ALL staff positions to attract and retain quality personnel.
- Identify, implement and monitor research-based best practice Instructional Strategies
- Maintain a comprehensive plan for curriculum writing, adoption, review, revision, and implementation.
- Monitor and evaluate student learning.

Community Engagement

Defined as; The Colby School District will build a sense of community ownership in our schools through communication, collaboration, engagement and partnerships with students, staff, and citizens to help reach our mission of academic excellence and positive citizenship for all students.

- Become a district that attracts and retains students (positive open enrollment).
- Develop a public relations plan that engages the community.
- Explore additional options for collaboration.
- Focuses on improving school climate.
- Enhance Alumni Relations.
- Operate the district in a fiscally responsible manner.
- Encourage procedures to promote and secure alternate funding for pilot projects.

Technology

Defined as; The Colby School District will create classroom environments where students and teachers engage in collaborative use of technology to transform knowledge and skills into solutions, new information, and products that improve student learning.

- Maintain implementation of a continued rotation and upgrades of district infrastructure and devices.
- Support the fiscal resources required for the implementation of a comprehensive technology plan.
- Maintain a comprehensive plan for specific student devices (1:1 initiatives) and a systematic rotation (replacement) of new devices.

Facilities

Defined as; The Colby School District will provide safe, healthy, orderly learning environment and efficiently operated school facilities to ensure the success of all students and accountability for all stakeholders.

- Enhance School grounds and athletic fields
- Develop a Comprehensive District facilities plan to address;
- Adams Street facility
- Efficient utilization of space
- Replacement Schedules
- Consistently provide School Safety and Security at all facilities.
- Utilize our facilities as a learning tool for teaching sustainable practices for where we live, work, learn and play.

The Board of Education is charged with the responsibility for compliance with all state and federal legal mandates as well as maintaining sound educational quality in the programs provided the children of the district. The Board is also charged with setting the local tax levy within the parameters established by the State.

The District continues to offer the best education within the resources our state and community can provide. I am proud to be a small portion of this professional learning community. It is in the context of our District's stated mission of ***Learning for ALL*** that the School District of Colby proposes its 2020-21 budget to this Annual Meeting of Electors.

Sincerely,

Steven Kolden
Superintendent

The mission of the School District of Colby is

EXPLANATION OF BUDGET

The State of Wisconsin adopted a financial accounting system called “WUFAR” (Wisconsin Uniform Financial Accounting Requirements). Basically, “WUFAR” is divided into three separate areas: **Instruction**-activities dealing directly with the interactions between teachers and students; **support** services are those services which provide administration, technical (such as guidance and library) and logistical support to facilitate and enhance instruction; and **Non-program** transactions.

GENERAL FUND 10

INSTRUCTION

Undifferentiated Curriculum – These are the Pre-K-4 elementary curriculum area expenditures.

Regular Curriculum – Grades 5-12 Programs - Art, English language, foreign language, math, music, science and social science expenditures comprise this area of curriculum. Title I Reading Instruction is also included here.

Vocational Curriculum – This area includes costs for agriculture education, business education, family consumer economics, technology education and education for employment programs.

Physical Curriculum – Included in this area of the budget are expenditures for the physical education, and health.

Co-Curricular Activities – This area of the budget includes expenditures for academic clubs such as Forensics and athletics.

Special Needs - Activities of special needs students not requiring an IEP, but receiving instruction in curriculum designed to meet their unique needs (non-special education homebound, gifted and talented).

SUPPORT SERVICES

Pupil Services – Expenditures for guidance services are included in this area.

Instructional Staff Services – This area includes expenditures for library media centers, reading specialist, and staff and curriculum development.

General Administration – Board of Education and Office of the Superintendent expenditures are included here.

School Building Administration – This area of the budget includes the costs of Office of Principal in all district schools.

Business Administration – Included in this area of the budget are costs for fiscal accounting; activities concerned with keeping the school building and sites open, comfortable and safe for use, maintaining grounds, buildings and equipment in good repair; remodeling to and construction of facilities. Also, included here are the costs of pupil transportation including regular buses and extra-curricular transportation.

Central Services – Included in this area of the budget are the costs for telephone systems, calls and postage necessary to disseminate educational and administrative information. Added to this area are the costs of technology and wiring of buildings for networking educational resources, Internet access, technology personnel, equipment, and materials for educational technology data improvements.

Insurance and Judgements – Costs are included for liability, property, automobile, student accident insurance, workman’s compensation insurance and unemployment insurance.

Debt Services – Included are interest costs on temporary loans for operational purposes.

Other Support Services – This area includes a payment to CESA for general administration and the cost of medical retirement programs.

Non-Program Transactions – Interfund transfers to Fund 27 Special Education are included here. Also included are tuition payments for open enrollment, HSED Programs, distance learning classes and Youth Options classes.

FUND 27 SPECIAL CURRICULUM

A special curriculum consists of courses and other provisions which are different from or in addition to those provided in the usual school program and are provided for exceptional pupils by specially qualified personnel. A subdivision is used to record transactions associated with special educational provisions made for the special type of pupil served. Special curriculum provides for the special needs of children who are limited as a result of physical, social, cultural, mental, or emotional conditions.

DEBT SERVICE FUND 30

This fund is used to account for principal and interest payments on all long-term indebtedness. Receipts in this fund are derived from the local tax levy. Expenditures for long-term bond and state trust fund payments are determined by payment schedules set up at the time the indebtedness was first incurred. The beginning and ending cash balance is an amount needed to meet an interest payment due in September of this year.

CAPITAL PROJECTS FUND 40

These funds are used to account for expenditures financed through the sale of bonds, promissory notes issued per state statutes and state trust fund loans. Other sources of revenue may be the sale of capital objects (sale of Unity and Dorchester Elementary Buildings). Expenditures are made in accordance with the purpose of the referendum authorizing the borrowing.

FOOD SERVICES FUND 50

This fund is used to record all financial transactions related to the district’s breakfast and lunch programs. Receipts are derived from local payments by pupils and adults, state reimbursement and federal reimbursements. Expenditures are for salaries of cooks, fringe benefits, food and equipment used in these programs.

COMMUNITY SERVICE FUND 80

This fund is used to record transactions related to the recreation swim program and the Community Education Program. Receipts are derived from class registration, ticket sales, swim lesson fees and the local tax levy. Expenditures are for salaries of personnel needed to supervise the pool and weight room areas outside of school hours and during the summer. Also, salaries for teaching and coordinating the Community Education Program, the School Resource Officer and payments to STEP Workers.

WISCONSIN ACT 32/ENERGY EFFICIENCY FUND 38 (NON REFERENDUM DEBT)

The Colby School District will be exercising its taxing authority under s. 121.91 during the course of the 2018-19 fiscal year. The district has borrowed funds and has completed energy efficiency projects and facilities improvements at District buildings and grounds, including lighting, water conservation and plumbing improvements, building envelope improvements, roof replacement, shower and locker room upgrades and plumbing replacement, HVAC and ventilation improvements, technology upgrades for HVAC; and acquiring related furnishings, fixtures and equipment.

These borrowed dollars were only used for the purposes for which it was borrowed.
