

SCHOOL DISTRICT OF COLBY EDUCATION CENTER

DR. STEVEN KOLDEN, SUPERINTENDENT

FINANCIAL AFFAIRS COMMITTEE MEETING

**MONDAY, FEBRAURY 21, 2011
7:00 PM
COLBY DISTRICT EDUCATION CENTER**

OPEN MEETING

AGENDA

- 1) Review Invoices & Receipts

Committee Members Include: Donna Krueger, Chair
Eric Elmhorst
Rick Weber

SCHOOL DISTRICT OF COLBY EDUCATION CENTER

STEVEN KOLDEN, SUPERINTENDENT

REGULAR SCHOOL BOARD MEETING

Monday, February 21, 2011 – 7:30 PM

Colby District Education Center

A G E N D A:

1. CALL TO ORDER / ROLL CALL
2. PLEDGE OF ALLEGIANCE
3. NOTICE OF POSTING
4. PUBLIC PARTICIPATION
5. INFORMATION ITEMS:
 - 5.01 Correspondence
 - 5.01-1 Thank You Cards
 - 5.01-2 Course Description Handbook for Colby High School (At Place)
 - 5.01-3 January Enrollment Numbers
 - 5.01-4 Warranty Deed for Neillsville Property
 - 5.01-5 Grant Denial for Colby Elementary
 - 5.01-6 Rustic Schools Award
 - 5.01-7 CSSA Layoff Procedure
 - 5.02 Student Representative's Report
 - 5.03 Superintendent's Report – Steve Kolden [Budget Repair Bill; 2011-13 Biennial Budget; Community Listening Sessions; School Nurse Update; Credit Card Services; Hwy 13 Project Update]
6. CONSENT AGENDA
 - 6.01 Minutes from the January 17, 2011 Regular Board Meeting and the February 9, 2011 Special Board Meeting
 - 6.02 Requests for Out-of-State Travel
 - 6.02-1 Middle School Choir Trip to Illinois
 - 6.02-2 Fourth Grade to Minnesota Zoo
 - 6.03 Staff Resignations/Retirements/Leave Requests
 - 6.03-1 Steve Linzmeier Retirement Request
 - 6.03-2 Administrative Retirement Request
 - 6.04 Personnel – Transfers / New Hires (If Any)
7. REGULAR BUSINESS – CONSIDERATION OF:
 - 7.01 Agenda Items Moved From Consent Agenda
 - 7.02 Recommendation of Finance Committee
8. DISCUSSION INFORMATION
 - 8.01 Consideration of Reports of Board Members' Attendance at Seminars and Workshops
 - 8.02 Consideration of Report of the Finance Committee
 - 8.03 Consideration of Report of the Personnel Committee
 - 8.04 Consideration of Report of the Policy Committee
 - 8.05 Disposal of District Equipment
 - 8.06 Current Proposed Reduction List

9. ACTION INFORMATION
 - 9.01 Neillsville Rental Agreements (3)
 - 9.02 Renew Contract with Auditors for 2011
 - 9.03 Approve CESA 10 Service Contract BS3
 - 9.04 Consideration of Second Reading: Policy #342.1 – Programs for Students with Disabilities (**NO EDITS**)
 - 9.05 Consideration of New Business (If Any)
10. ADJOURN TO CLOSED SESSION PER WISCONSIN STATUTES 19.85 (1) FOR THE PURPOSES OF:
 - c) Considering employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility.

The Board will consider:

 - 10.01 Agenda Items Moved From Consent Agenda
 - 10.02 Complaint Regarding Separation Agreement Resolution
 - 10.03 Administrative Retirement Request
 - 10.04 Administrative Restructuring/Contracts
 - 10.05 Non-Renewal Recommendation of Administration
 - 10.06 CEA Retirement Request
 - 10.07 Layoff Recommendation of Administrative Team for CEA, CSSA and Non-Represented Staff
 - 10.08 Reconvene in Open Session
11. THE BOARD WILL RECONVENE IN OPEN SESSION IMMEDIATELY UPON COMPLETING THE CLOSED SESSION TO TAKE ACTION, IF NECESSARY, ON SELECTED MATTERS DISCUSSED IN CLOSED SESSION.
12. IDENTIFY ITEMS FOR NEXT AGENDA
 - 12.01 Schedule Meetings:
 - 12.01-1 Finance Committee Meeting – March 21, 2011 @ 7 PM
 - 12.01-2 Regular Board of Education Meeting – March 21, 2011 @ 7:30 PM
 - 12.01-3 Policy and Curriculum Meeting – March 16, 2011 @ ?
 - 12.01-4 Personnel Committee Meeting - ?
13. ADJOURNMENT

The family of Hilmer "Bud" Huebner
wishes to acknowledge with deep appreciation
your expression of sympathy and support
during this time of bereavement.

Thank you for the
memorial donation to
the Buffalo County Humane
Society in my father's
name.

Candy Huebner

Colby School District and
Board of Education.

Thank you for the flower
and kind thoughts regarding
the passing of my father.

Jeff Roseneyer

RECOMMENDED COURSES FOR UNIVERSITY OR TECHNICAL COLLEGE ADMISSION

University Admission

Colleges and Universities establish admission standards based a combination of factors including ACT/SAT scores, class rank, rigor of high school courses taken, grade point average and other factors that the college believes would be a benefit to the school. The following high school courses/credits should be considered the **minimum** for admission to a college or university. Additional information is available in the Student Services office and on line. The UW-System maintains the <http://uwhelp.wisconsin.edu> as a source of information for students, parents and other interested parties. The "Introduction to the UW System booklet," available in the Student Services office, gives the admission requirements for each of the UW-System colleges.

Directions to On-Line applications and additional information may be obtained in the Student Services Office.

University Recommended Preparatory Course Work

17 college prep credits is the minimum needed for acceptance to a UW-system school.

<u>Subject</u>	<u>Credits</u>
English	4 (emphasis in literature and composition)
Math	4 (Algebra-level courses and above. Intermediate Algebra I and Intermediate Algebra II together will count as one college math prep course. Lifetime Math is not considered a college prep math course. Technical math is acceptable for a technical college)
Science	3+ (Earth Science, Ecology, Animal Science and Horticulture are not considered college prep science courses)
Social Studies	3+ (Consumer Economics and Street Law are not considered college
Prep social studies courses)	
College Prep Electives	4+ (Elective credits can be chosen from additional English, math, science, social studies, foreign language, fine arts, and computer science. Courses of a general nature are generally not accepted as college prep classes. **Some UW-System universities may accept vocational courses for a portion of these four credits).

*Currently, UW-Eau Claire and UW-Madison require 2 credits in a single Foreign Language for admission. It is also strongly recommended at other UW system campuses.

Technical College Admission

Each technical college establishes its own admission criteria. The admission requirements for the same program differ from technical college to technical college therefore, it is to your advantage to become aware of and understand the policies of each technical college. Since technical colleges grant admission to programs on a first come first serve basis and since many programs have a waiting list (the program is filled) and applicants have to wait until an opening occurs, applying early is essential. NTC will take applications as soon as the junior year is complete, others won't accept applications until a specific date in the senior year. *See your counselor for information and assistance.* Technical colleges are, in many instances, as challenging as universities and success in a technical college depends on a strong high school background. The following should be considered the minimum credits that need to be earned in each subject area.

Technical College Recommended Preparatory Course Work

<u>Subject</u>	<u>Credits</u>
English	4 (emphasis in work-related writing skills)
Math	4 (especially in the senior year)
Science	3
Social Studies	3
Technical Courses	3-4

Example: business, family and consumer ed., computers, technology, agriculture, health, and financial.

For specific information regarding entrance requirements, please see your high school counselor.

Directions to On-Line Applications and additional information may be obtained in the Student Services Office.

Academic Program Guidelines

Schedule Requirements

All full-time students attending Colby High School in grades 9-12 will be required to take at least six (6) classes per semester. Students will not be allowed to take more than one study hall per semester. Students of a junior or senior status may TA or Tutor/Mentor for one class period per semester.

Academic Program Approval

A counselor and parent or guardian must approve programs of studies.

Dropping/Adding Classes

When a student selects courses during registration, that student is obligated to complete that schedule of courses. While students may be allowed to make course changes prior to the start of any semester, changes in certain courses will not be permitted. Since courses are offered based on student requests, a student who selects a class with a low enrollment may not be able to drop that course.

Approval is required to change any course after the first full week of the semester (not to exceed 10 class days). Students who drop or are removed from a course after the 10 day period will receive an "F" on their transcript, unless it is waived by the administration.

Schedule changes will be considered if one of the following conditions is met:

1. The course was entered incorrectly by school personnel.
2. The student is not eligible for the course.
3. Schedule change is necessary to enable the student to graduate.
4. Extenuating circumstances including health, injury or other unusual situation.
5. The student failed the first semester of a year long course.
6. It is recommended by staff or administration.

Recognition of Graduation

Graduation from Colby High School will be recognized by the issuance of a diploma at the graduation ceremony. Students who attend four years of high school but fail to meet the credit requirements will NOT participate in the graduation ceremony.

Graduation Requirements – 24 Credits

Required: 15.5 Credits Electives: 8.5 Credits

**These requirements are effective for the graduating class of 2015.
See * for more details regarding classes of 2014, 2013, and 2012.*

Language Arts:

4.0 credits from the following:

- English 9-10-11: 1.0 credit each
- Communication (Speech, Composition or Creative Writing and Presentation)
- *Classes of 2014, 2013, 2012 must take Speech* .5 credit

Also, .5 credit must be completed during the senior year unless a student has applied for early graduation. An English class will suffice as the senior elective only if the student is graduating early. Students must pass .5 credit of English during the senior year in one of these classes: **Composition, Creative Writing and Presentation, Great Novels, Contemporary Literature, British and World Literature, Classical Mythology and Short Stories, TC English 110 – Introduction to College English**

Social Studies:

3.5 credits from the following:

- Citizenship: 1.0 credit
- World History 1.0 credit
- U.S. History or Advanced U.S. History 1.0 credit
- Personal Finance or Economics .5 credit
- It is highly recommended that students take an additional course in: **Psychology, Introduction to Sociology, Current Affairs, Street Law, Economics, Personal Finance**
- *Classes of 2014, 2013, 2012 must take one of the above additional social studies courses*

Science:

3.0 credits from the following:

- Physical Science .5 credit
- Biology 1.0 credit
- Also 1.0 credit from the following: **Chemistry, AP Chemistry, Physics, Anatomy & Physiology, Horticulture I, Animal Science**

Mathematics:

3.0 credits

Physical Education:

1.5 credits

Health Education:

.5 credit

Co-Curricular Activities

All CHS students are encouraged to get involved in extra-curricular student activities. These activities give students a chance to develop interests and skills, meet new people, learn cooperation and teamwork, promote positive and healthy self-esteem, and create memories which will be treasured long after graduation. Research indicates that students who get involved in extra-curricular activities will enjoy school more and will maintain, if not increase, grade point average. CHS staff believes that the more students enjoy school, the better the student will perform in all areas of their education.

The following is a list of possible activities that students can be involved in throughout the year.

Fall	Winter	Spring	Year-Long
Cross Country Football Girls' Swim Team Girls' Volleyball Pom Pon	Boys' Basketball Girls' Basketball Wrestling Pom Pon Forensics Madrigals	Baseball Golf Softball Track Water Ballet Forensics	Yearbook Chess Club FBLA FCCLA FFA Masquers (plays and musicals) NHS Skills USA HMV Spanish Club Student Council

Activities which serve both the school and the community:

Yearbook Production, School Newspaper (Hornet Highlights) and Media Productions

Youth Options Program

The Youth Options Program allows high school juniors and seniors who meet certain requirements to take one or more courses at a UW institution, a Wisconsin Technical college or other participating institutions of higher education.

The Colby School District will cover the cost of the courses scheduled provided the school board determines the course is eligible for high school credit and the course is not comparable to a similar course offered at Colby High School. The student will receive both high school and post-secondary credit for a successfully completed course.

Students interested in pursuing Youth Options **must submit to the Student Services office a completed Youth Options Form before March 1 for students planning on taking courses during the first semester of the following year and before October 1 for students planning on taking courses during the second semester.**

There is a **required meeting** of student, parent(s), an administrator and a counselor before the student will be approved for Y/O. Students will be informed of a time window during which this meeting must be held and it is the student's responsibility to arrange a time for this meeting.

It must be noted that each participating institution sets its own criteria and YO students may not be able to take certain courses and they may be limited as to the number of courses they will be permitted to take.

Early Graduation Policy

The Early Graduation Program allows seniors who have completed all components of the graduation requirements to graduate at the end of the first semester of their senior year. Students who intend to graduate early must schedule a meeting with an administrator, a counselor and a parent. This meeting **must be scheduled one full semester prior to the semester in which graduation is intended.** A window to schedule this meeting will be announced following the first semester of the student's junior year. Students who graduate early will receive a diploma at the traditional graduation ceremony in the spring.

It should be noted that post-secondary institutions discourage early graduation, believing students are better prepared for college by taking a full schedule of courses during the senior year of high school.

Four Year Plan Schedules (Required classes listed)

Freshman

1.	English 9	English 9
2.	Citizenship	Citizenship
3.	Physical Science	Physical Science
4.	Math: Intermediate Algebra I Algebra I Algebra II	Math: Intermediate Algebra I Algebra I Algebra II

8.		

AGRICULTURE AND NATURAL RESOURCES

18001G/17103

Plants, Animals and You

Prerequisite: None
One semester: .5 Credit
Open to Grades 9-10

The exploding world of agriculture is examined in this introductory class. "Learning by Doing" activities will provide exposure to various areas of agriculture. Areas to be covered include careers, FFA, plant science, horticulture, animal science, outdoor recreation, and natural resources. A special focus of this class is your importance and personal involvement in America's #1 industry.

18053G/17113

Horticulture I

Prerequisite: Plants, Animals and You
One semester: .5 Credit
Open to Grades 9-12

If you like growing and working with plants, this is the class for you! Students will explore horticultural career opportunities, study basic plant growth and soils, propagation, gardening practices, landscape planning and plant identification. This class will be using the greenhouse for many lab activities. *This class has been approved as a science equivalent course by the DPI and is also listed in the science section.

18053E/17213

Horticulture II

Prerequisite: Horticulture I (no exceptions)
One semester: .5 Credit
Open to grades 10-12

An advanced course for those interested in the horticulture industry. Students will be able to apply skills attained in Horticulture I in many "learning by doing" projects. Students will have the opportunity to manage the greenhouse in production of either poinsettias or bedding plants. Topics include greenhouse management units such as design, production and marketing of indoor and outdoor foliage plants. Additional topics include ornamental arrangement designs, pruning techniques and extensive landscape design and development.

18101G/17133

Animal Science

Prerequisite: Plants, Animals and You
One semester: .5 Credit
Open to Grades 9-12

This course is designed to cover basic animal science topics. Areas to be covered are careers, anatomy, animal behavior and operator safety, feeding and nutrition, genetics, reproduction, biotechnology in livestock production and animal rights/welfare.

* This class has been approved as a science equivalent course by the DPI and is also listed in the science section.

NOTE: The Animal Science class has been approved as a transcribed credit class through NTC.

NOTE: This class is also listed in the transcribed credit section.

18102G/17123

Small Animal Veterinary Science

Prerequisite: Plants, Animals and You
One semester: .5 Credit
Open to grades 9-12

Opportunities in the animal industry range from owning a pet shop to working as a zookeeper, from breeding cats to working with exotic animals. The course will include units on dogs, cats, horses, and other companion animals. Companionship, breeds, proper health care, nutrition, breeding, showing, careers, and animal rights/welfare will be discussed.

18103G/17153***Dairy/Horse Science (2012-2013 School Year)***

Prerequisite: Plants, Animals and You

One semester: .5 Credit

Open to Grades 9-12

The dairy industry is more than milking cows. This class is all about Wisconsin's # 1 industry. Students will learn about careers, breeds, reproduction, milk secretion, feeding, and diseases. Additional units will be on current issues of this fascinating industry. Students will also experience hands on work with artificial insemination. This course will also take you through all aspects of the horse industry from feeding and hoof care to riding for pleasure and for show. A highlight of this class will be a field trip to a riding stable and a horseback riding experience.

18203G/17313***Leadership***

Prerequisite: Open to all students who hold leadership positions in school or community organizations. Other students who wish to enroll must receive permission from the instructor.

One semester: .5 Credit

Open to Grades 10-12

This course is designed to focus on the importance of leadership skills and provide practical hands-on activities. Careers, scholarship opportunities, team building, conflict resolutions, entrepreneurship, and successful management practices are just a few of the topics to be covered. Students enrolled in this class will also be trained as a mentor through the Project PALS program and will be provided the opportunity to work with younger students.

18303G/17193***Crops and Soils (2011-2012 School Year)***

Prerequisite: Plants, Animals and You

One semester: .5 Credit

Open to grades 9-12

Soil is a resource on which we depend in many ways. This class focuses on the way we rely on soil and the complexity of this resource. Topics include soil properties, erosion, plant nutrition, soil organisms, classification and judging. This class also features crops grown in Wisconsin. Topics include corn, small grains, forages, and a special unit on weeds. Students will learn about seed selection, soil and climate needs, basic management, and insect and disease control. Speakers and special projects will also be included.

18306G/17303***Aqua Tech***

Prerequisite: Plants, Animals and You

One semester: .5 Credit

Open to Grades 9-12

This course deals with the cultivation and propagation of aquatic plants and animals. Topics include career opportunities, history, identification of plant and animal species, economics, regulations, diseases, nutrition, management practices, and designing aquatic structures and equipment. Projects include fish taxidermy, fly fishing and fly fishing demonstrations.

18401G/17333***Ag Mechanics***

Prerequisite: Welding

One semester: .5 Credit

Open to Grades 11-12

This laboratory course is designed to provide students with introductory level experiences in selected major areas of agricultural mechanics technology which may include engine maintenance and repair, metal fabrication, electrical wiring, maintenance of agricultural machinery, equipment and tractors. Learning activities include information, skill development and problem solving. During this course students will rebuild a tractor or a piece of agriculture equipment and fabricate parts to restore it.

18502G/17173**Forestry (2012-2013 Year)**

Prerequisite: Plants, Animals and You
One semester: .5 Credit
Open to grades 9-12

The majority of Wisconsin woodlots are privately owned. This course introduces the student to the principals behind good forest and woodlot management. Areas to be covered are: career opportunities, forest products, forest laws and policies, tree structure and growth, tree identification, tree measurement and chainsaw use and safety. When possible, the school forest will be used in the instruction of this class.

18504G/17183**Conservation & Natural Resources (2011-2012)****School Yr.)**

Prerequisite: Plants, Animals and You
One semester: .5 Credit
Open to Grades 9-12

If you appreciate the outdoors and enjoy using natural resources (fishing or hunting) this class can give you a better understanding of our natural resources and the need to conserve them. Topics include wildlife management, taxidermy, ecology, water resources and pollution, air pollution and land management. Field trips, guest speakers and projects will be included.

18404G/16331-16332**TC Welding/General Shop**

Prerequisite: Materials & Processes: Metals I
One Year: 1 Credit
Open to Grades 10-12

See Advanced Welding/General Shop description

18404E/16351-16352**TC Advanced Welding General Shop**

Prerequisite: Welding/General Shop
One Year: 1 Credit
Open to Grades 11-12

Welding is a metal fabrication and basic construction course. Included are units in welding where students receive experience in arc and oxyacetylene welding. Accelerated students also receive experience on the TIG and MIG machines. Students will do a project. **There will be a \$10.00 fee for projects.**

NOTE: The Welding class has been approved as a transcribed credit class through NTC.

NOTE: A student may receive credit for either welding/general shop or the advanced course but not both.

NOTE: This class is also listed in the tech ed section and the transcribed credit section.

BUSINESS (RENEWED PROGRAM)

12051G

Introduction to Business

Prerequisite: None
One Semester: .5 Credit
Open to Grades: 9-12

Are you preparing yourself for a future in business? This course will introduce you to the world of business. Topics that will be covered include: economic concepts, business ethics, entrepreneurship, management, leadership, marketing, human resources, business finance, business careers, buying goods and services, credit, money management and risk management.

12054G

Business and Personal Law

Prerequisite: Introduction to Business
One semester: .5 credit
Open to Grades: 10-12

This business law course is designed to teach students about the legal aspects they will face in personal, consumer and business law. The course gives practical knowledge that ranges from signing a lease for an apartment rent to the legal implications of borrowing a friend's car. These concepts are explained through the text content, real-life situations, vocabulary and realistic chapter activities.

12104G

Accounting I

Prerequisite: None
One Year: 1 Credit
Open to Grades: 10-12

Accounting has been called the "language of business." This class teaches the basics of the double-entry system of accounting used more than 95% of today's businesses.

Students will learn how various business transactions affect the profits and losses of a business. This course familiarizes students with business documents such as balance sheets, income statements, journals, ledgers and work sheets. Accounting assists in preparing students for post-secondary business programs, employment in entry-level positions or using accounting for personal transactions. Students use both manual and automated procedures to develop an understanding of accounting systems.

12164G

Principles of Marketing

Prerequisite: None
One semester: .5 Credit
Open to Grades: 9-12

Did you know that four out of five careers deal with marketing? Start preparing yourself for your future with marketing I. Marketing is a project-centered course. Topics covered through this course include product/service management, distribution, selling, marketing-information management (MIM), financing, pricing, promotions and careers in marketing. Leadership skills will also be practiced in this course through solving business problems, public speaking and role playing.

12163G

Sports/Entertainment Marketing

Prerequisite: Principles of Marketing
One semester: .5 Credit
Open to Grades: 10-12

This course will give you a real-world understanding of how marketing concepts and theories are applied to the Sports and Entertainment industry. Sports/Entertainment marketing is a project-centered course. Topics covered will include basic marketing, target marketing, sponsorship, event marketing, promotions, major and minor league sports, music and movie marketing, hospitality and tourism marketing and careers in sports/entertainment marketing.

ENGLISH

01051G/10121-10122

English 9

Prerequisite: None

One year: 1 Credit

Grade 9

English 9 will focus on the elements of the short story, and identification of the specialized writing techniques which make the stories great. A contemporary novel, *Between a Rock and a Hard Place*, by local writer Alden Carter, as well as *When the Legends Die*, will be read and supplemented by technical reading materials which explain incidents from that novel. The drama unit will include "The Miracle Worker" as well as a study of American Sign Language and Braille, and how these communication skills developed. Students will do a presentation on a disability to culminate the unit. The following semester will study Shakespeare's *Romeo and Juliet*, poetry, and the frame of the essay as a genre. Writing will focus on an expanded autobiography, with a paper due each month, including an interview. Students will debate common topics and learn to write a persuasive argument. The year will culminate with Charles Dickens' novel, *Great Expectations*. Those students at a more advanced level will study additional readings in both the short story and essay units. The drama unit will include the comparison between *Romeo and Juliet* and *West Side Story*, with students writing and reading their contemporary version of *Romeo and Juliet*. In addition to a contemporary novel, students will read *A Separate Peace* and analyze the similarities and differences between the play and film genre and write a literary essay.

01002G/10231-10232

English 10

Prerequisite: None

One year: 1 Credit

Grade 10: (10 or 10A Required)

English 10 covers the basic principles of grammar, literature, and writing. A job unit and career paper is also included.

01002E/10211-10212

English 10A

Prerequisite: None

One year: 1 Credit

Grade 10: (10 or 10A Required)

The study of the principles of grammar and literature are continued with particular attention given to short stories, novels, poetry, essays, biographies, and play readings. Composition is included throughout the year, and students are required to write a career paper. A job unit is included which covers types of jobs, applications, recommendations, resumes, and interview techniques. This class works at a faster pace and covers additional readings.

01054B/10321-10322

English 11B

Prerequisite: None

One year: 1 Credit

Grade 11: (11 or 11B Required)

American Literature is the study of the subject from Puritan times to the 20th Century. Major American authors, short stories, poems, and plays are included in this course of study. There will be a major emphasis on practical writing and editing. Research is also required. This course is designed for students with language arts difficulties.

01054G/10311-10312

English 11

Prerequisite: None

One year: 1 Credit

Grade 11: (11 or 11B Required)

American Literature is the study of the subject from Puritan times to the 20th Century. Major American authors, short stories, poems, plays, and books are included in this course of study. There will be a major emphasis on essay and persuasive writing. Students also study research techniques. This class works at a faster pace and covers additional readings.

01151G/10153***Speech I***

Prerequisite: None

One semester: .5 Credit

Open to Grades 9-12 (Required for grades 2014, 2013, 2011)

This class meets the communications requirement beginning with the class of 2015

Speech I studies the basic process of communication. Most of the semester will encompass public speaking situations, listening skills, group discussion, and interpersonal communication.

01151E/10163***Speech II***

Prerequisite: Speech I

One semester: .5 Credit

Open to Grades 10-12

Speech II studies the basic concepts of speech. The first few weeks are a review of Speech I. The course will include parliamentary procedure, job interviewing, commencement speeches, as well as additional speaking situations.

11101G/10241-10242***Student Publications/ Advanced Writing***

Prerequisite: Successful completion of English 9

One Year: 1 Credit

Open to Grades 10-12

This course requires students to have a high interest in writing. The majority of the class is run as a lab, with the main focus being the publication of the "**Hornet Highlights**" school newspaper. The course provides students an opportunity to improve their writing, editing, verbal and cooperation skills. In the course of the class, students will be required to report, write, take photos, organize, layout and distribute the newspaper. At such a high level of production, cooperation and a strong work effort is needed; students who fall below a "C" at the end of the semester will be asked to drop the class. A major portion of the grade is based on quality of writing, ability to work under time constraints, as well as participation and effort toward production. Out of class time or after school time is required.

NOTE: The following English classes meet the senior English requirement if taken during the senior year of high school. Students taking the English courses listed below during the junior year must select a course from the other literature courses during their senior year with the exception of students graduating at semester.

01104G

Creative Writing and Presentation (NEW COURSE!)

Prerequisite: None

One semester: .5 credit

Open to Grades 10-12

This class meets the communications requirement beginning with the class of 2015

Designed to allow students an opportunity to express their thoughts through writing short stories, poems, and one-act plays. Class time will include teaching techniques, peer editing and class discussion as different styles of writing are explored. The format will include daily writing of individual and group projects, along with analytical reading of the craft of published writers. The semester will culminate with a printed book of work for a portfolio, as well as a presentation of the one act plays directed by the authors and performed in the school theatre for public attendance.

01102G/10443

Composition I

Prerequisite: English 9 and 10

One Semester .5 credit

Open to grades 11-12 This course is highly recommended as a junior elective for college bound students.

This class meets the communications requirement beginning with the class of 2015

This course is designed to prepare students for college and the writing that is expected at that level. Students will read expository, narrative, descriptive, and persuasive literature and write a variety of analytical and personal essays, as well as work at the critical analysis of literature. Several representative works from various genres and periods are also studied intensively and extensively. A major goal is to help students develop stylistic maturity and rhetorical effectiveness in their writing. *Students who wish to pursue college-level study while still in high school should take this course. This course must be taken, and grade of a B or above earned, in order to enroll in the ENGL 110 course offered through UW-Eau Claire.*

01062G/10403

Contemporary Literature

Prerequisite: English 10

One Semester .5 Credit

Open to Grades 11-12

This class is recommended for students who do not plan to pursue more education or training. The major emphasis of the course is on literature that has been created in the last fifty years. Students enrolled in the class will be asked to examine short stories and poetry, watch and critique various films and evaluate novels all through a contemporary lens, paying special attention to how these different types of literature reflect and reinforce our current society and values. A major portion of the grade is based on both written work and class discussion. Group work is also incorporated.

01063G/10413

Classical Mythology & The Short Story

Prerequisite: English 10

One Semester .5 Credit

Open to Grades 11-12

Recommended for technical and college bound students, this course studies the evolution of the short story from the classical Greek gods and fables, and how they became part of the epic The Odyssey. Continued study of the short story will trace its origins from Biblical stories and folktales, to the development of the 19th Century genre, with focus on classic contemporary short stories. Students will get an in depth study of the elements of the short story with attention paid to the Southern Gothic subgenre and its features. Students will write reflective, contrast-comparison and persuasive mini-essays, as a way to show what has been learned. Students will be required to submit an original short story as a culmination project.

01061G/10423**Great Novels**

Prerequisite: English 10
One Semester .5 Credit
Open to Grades 11-12

Requiring a lot of reading, novels will be chosen from *The Good Earth*, *Ethan Frome*, *Madame Bovary*, *Lord of the Flies*, *Grapes of Wrath*, *Fahrenheit 451*, *My Antonia*, *The Poisonwood Bible*, *Things Fall Apart*, and others. Daily discussions will be held on the readings, and mini-essays will be concurrently written, evaluating what makes these great, or classic, novels.

01056E/10433**British and World Literature**

Prerequisite: English 10
One Semester .5 Credit
Open to Grades 11-12

The beginning of English literature will be studied starting with the Anglo-Saxon Period (*Beowulf*, Anglo-Saxon riddles), The Medieval Period (*Canterbury Tales*, *Sir Gawain, Le Morte d'Arthur*), the Renaissance (*Hamlet*, poetry of that era, *Doctor Faustus*), and limited readings from the Seventeenth and Eighteenth Centuries (*Gulliver's Travels*, *Modest Proposal*, and poetry), the Romantic Period (poetry) and the Victorian Era (*Jane Eyre* and poetry). Throughout the studies, the development of the English language with its changes will be studied. Contrast and comparison and literary essays will be written. Recommended for technical and college bound students.

21401**TC English 110: Introduction to College Writing**

Prerequisites: Composition I
One Year: 1 Credit (High School) 5 Credits (University)

All students must apply to UWEC and be admitted prior to taking this course. Admittance is partially based on: 1) a UWEPT score of 450 or above, 2) an ACT English score of 24 or above, 3) SAT verbal score of 430 or above, 4) students not meeting any of the previous three criteria may submit a letter of recommendation for consideration.

This course provides instruction of develop basic skills evolving from reading and discussion of various kinds of writing. The process may include group projects, special topics, and writing workshops and involves reading, speaking, listening and writing, combined with attention of language fundamentals as well as practice in gathering and expressing ideas, including the writing of the documented paper.

NOTE: This class is taken via the distance learning network.

NOTE: This class is also listed in the distance learning – contracted credit section.

FAMILY AND CONSUMER EDUCATION

22202G/19103

Basic Foods

Prerequisite: None
One Semester: .5 Credit
Open to Grades 9-12

Basic Foods is designed for students who want a basic knowledge of nutrition, food and food preparation. Units include use of ranges, microwave cooking, quick breads, fruits, egg cookery, pizzas, meal preparation and nutrition. Students work in groups to prepare a variety of foods for each unit. Special emphasis is on safety, use and care of equipment, sanitation, time management and wise use of resources.

22202E/19123

Family Foods

Prerequisite: Basic Foods (or be a Junior or Senior)
One Semester: .5 Credit
Open to Grades 9-12

The emphasis in Family Foods is on food as it relates to the individual and the family. Units include protein cookery (meat, ground beef, fish, and poultry), yeast breads, pastry and pies, cakes, food preservation, vegetables, salads and outdoor cookery. All units incorporate use and care of equipment, microwave cooking, nutrition, meal planning and wise use of resources.

22202H/19133

World of Foods

Prerequisite: Basic Foods (or be a Junior or Senior)
One Semester: .5 Credit
Open to Grades 9-12

The focus of World of Foods is on food as it relates to society and the world, with special emphasis on career and vocational opportunities. Units include: use and care of small appliances, dietary needs throughout the life cycle, food technology, additives, labeling, convenience foods, ethnic foods and hospitality. A food-marketing project is included and a field trip taken with money earned. The major work in this class involves group and individual projects using a combination of food labs as well as written and oral reports.

19207G

Fashion Design and Interior Decorating (Replaces Clothing classes)

Prerequisite: None
One Semester: .5 Credit
Open To Grades 9-12

This course begins with a project researching the History of Fashion. We look at the four major body shapes and how they influence what we wear. Using the elements of principles of design we design patterns. The class has a short unit on fashion designers and figure analysis. Interior Decorating covers both housing and home interiors concepts. Housing concepts taught in this course include: buying and renting a home, homes of the future, furniture selection, styles and arrangement, fireplaces and home heating systems, individual room study (bathroom, kitchens), floor covering and home storage. Emphasis is on new housing technology inside and outside the home.

22201G

Life Skills (NEW COURSE!)

Prerequisite: None
One Semester: .5 Credit
Open to Grades 9-12

To successfully live and develop yourself into the best person that you can possibly be is the goal of this semester long class. Making good choices, learning how to be a good citizen, learn how to care for yourself, and how to handle stress are some units covered. This is a beginning level course for students who want a basic knowledge of nutrition, food preparation, shopping skills, sewing basics, career choices, and money matters.

22204G/19203**Parents and Children (New Name for Parenting)**

Prerequisite: None
One Semester: .5 Credit
Open to Grades 10-12

Parenting is a one-semester class designed to study concepts related to parents and children in today's society. A wide variety of topics are explored including reasons people have children, adoption, foster care, family forms, reproductive options, pregnancy, childbirth, infant and child care, including physical, social, intellectual and emotional development. Special emphasis is given to readiness and responsibilities of parenting, communication and discipline skills. Other areas of study include special needs children, abuse, single parenting, and childcare outside the home and career opportunities. Developing effective and nurturing parenting skills is the major goal of this course.

08016G/20323**Food & Fitness**

Prerequisite: P.E. 9
One Semester: .5 Credit towards PE
Open to Grades 10-12

Food and Fitness is a one semester elective class that will fulfill .5 credit toward the 1.5 credits required for graduation. This class will have an applied/integrated approach that combines physical education and the foods area of family and consumer education. The course will include exercise programs, nutritional/diet issues including sports nutrition, diabetes, heart disease, allergies, eating disorders, and life cycle concerns. It is an opportunity for students to use technology, physical activity, food preparation and health related information to determine their overall wellness and to develop life-long fitness habits. Students will set short and long term goals for individual diet and fitness and complete fitness journals. Current trends, global issues and career opportunities in the food and fitness industry will be discussed.

NOTE: This class is also listed in the Physical Education section.

FINE ARTS (ART, MUSIC & THEATRE)

ART

05054G/18103

Visual Studies

Prerequisite: none

One Semester: .5 Credit

Open to Grades 9-12

This elective course is an introduction to the world of visual art via the following areas: Introduction to the basic elements and principles of design, drawing, ceramics, graphics, painting, sculpture, and various periods of art history. Students may have to purchase some supplies.

05156G/18113

Drawing & Design

Prerequisite: Visual Studies

One Semester: .5 Credit

Open to Grades 9-12

Concentration of this class will be on media and techniques to be used for drawing plus basic elements and principles of design. Following successful completion of this class, students may elect to take Advanced Drawing and Design for one semester. Students may have to purchase materials.

05156E/18213

Advanced Drawing & Design

One Semester: .5 Credit

Prerequisite: Visual Studies and Drawing & Design

Open to Grades 10-12

This class will concentrate on improving students thought process in communicating visual ideas. Students will also learn to incorporate the basic elements of design and techniques in drawing to achieve original works of art.

05157G/18123

Painting

Prerequisite: Visual Studies and Drawing & Design

One Semester: .5 Credit

Open to Grades 10-12

This class will concentrate on techniques of painting using watercolors, acrylics, and combinations of paints. Following successful completion of painting, students may elect to take advanced painting for one more semester.

05157E/18223

Advanced Painting

Prerequisite: Visual Studies, Drawing & Design and Painting

One Semester: .5 Credit

Open to Grades 10-12

Students will work to develop their own original creative paintings. They will learn more advanced painting techniques along with experimenting with different styles, textures and methods of applying paint. Students will also experiment with different mediums of paint. Students will also be asked to incorporate the large body of knowledge they have acquired in the prerequisite art courses they have taken

18233

Drawing Cartoons, Comics and Caricatures

Prerequisite: Visual Studies and Drawing & Design

One Semester: .5 Credit

Open to Grades: 10-12

Students will be introduced to the art of drawing cartoons, comic strips, and caricatures. Students will invent original caricatures and proceed to develop a comic strip. In the process they will be taught the drawing techniques used to develop successful cartoons and comic books.

05158G**Art & Metal Design (NEW COURSE)**

Prerequisite: Visual Studies

One semester: .5 credit

Open to Grades: 10-12

This class will focus on the artistic design of metal. Projects will include wall hangings, lawn ornaments; plasma cut pieces and sculptures. Students will learn how to design, fabricate and weld pieces to create art. Students will also learn the many different types of welds tig, ac, stick and acetylene.

NOTE: This class is also listed in the tech ed section.

05159GE/18231-18232**Ceramics & Sculpture/Advanced**

Prerequisite: Visual Studies

One Semester: 1 Credit

This class will be offered for two consecutive class periods. The first quarter will be Ceramics & Sculpture and the second quarter will be Advanced Ceramics & Sculpture. This class will focus on techniques of working with clay including hand-building methods and the potter's wheel. It will also focus on building the students skills throughout the semester starting with the very basic skills and projects progressing to very advanced skills and projects.

05169G/18253**Animation and Computer Game Design**

(2012-2013 School Year)

Prerequisite: Visual Studies and Communications

One Semester: .5 Credit

Open to Grades: 10-12

Students will learn 2D and 3D animation using both hand-drawn and computer-rendered images to create original characters to be used in either animated cartoons or games. Students will learn a variety of techniques and programs used to design and animate cartoons and games.

NOTE: this class is also listed in the Technology Education section.

05197E/18753**Advanced Art Independent Study**

Prerequisite: Completion of all classes in area of media chosen, permission from Art teacher and Student Services Department.

One Semester: .5 Credit

Open to Grades 11-12

Areas of study are: painting, drawing, ceramics, sculpture, and cartoons. Independent study classes are designed for students who are serious about art. This class was designed for students to develop a portfolio for college. It is also for students to develop a body of work for a senior show.

MUSIC - INSTRUMENTAL

05101G/18141-18142 *Senior High Band*

Prerequisite: MS Band or director discretion
One Year: 1 Credit or One Semester: .5 credit
Open to Grades 9-12

Band students study music fundamentals and performance techniques. Performance opportunities include required concerts, parades, and pep band at athletic events, half-time shows and Solo & Ensemble Festivals.

MUSIC - VOCAL

05110G/18161-18162 *Mixed Chorus*

Prerequisite: None
One Year: 1 Credit or One Semester: .5 Credit
Open to Grades 9-12

Mixed Chorus is intended to further skill development culminating in performances throughout the year. Festivals and concerts are activities for this group.

05111G/18171-18172 *Treble Choir*

Prerequisite: Prepared Audition
One Year: 1 Credit
Open to Grades 9-12

Treble Choir is a skill development oriented performance class. It is intended for the less experienced singer. Students in this group perform several concerts and at festivals.

05111E/18181-18182 *Show/Chamber Choir*

Prerequisite: Prepared Audition
One Year: 1 Credit
Open to Grades 9-12

Show Choir is comprised of approximately 40 singers selected through auditions in February/March. The ensemble will perform technically advanced music in both popular and classical musical styles. Outside choreography rehearsals are mandatory. Concerts, Show Choir Festivals, Variety Show and Solo/Ensemble are activities of this ensemble. A minimum of two vocal tests per grading period and all concerts throughout the year are required.

THEATRE

05055G/10513 *Theater I*

05055E/10523 *Theater II*

Prerequisite: Theater I is a prerequisite for Theater II
One Semester: .5 Credit
(Theater I & II will be combined. It is possible to take two semesters of Theater for credit).

Students study all basics of acting: observation, concentration, imagination, stage directions, and motivation. This is primarily an acting class. If students are taking Theater for a second semester, they will concentrate more on directing and stagecraft. Students must be interested in performing. An acting or directing project is mandatory. Much memorization is required.

FOREIGN LANGUAGE

06101G/11101-11102

Spanish I

Prerequisite: None
One Year: 1 Credit
Open to Grades 9-12

Designed to introduce students to Spanish language and culture, Spanish I courses emphasize basic grammar and syntax, simple vocabulary, and the spoken accent so that students can read, write, speak, and understand the language at a basic level within predictable areas of need, using customary courtesies and conventions. Spanish culture is introduced through the art, literature, customs, and history of Spanish-speaking people.

06102G/11201-11202

Spanish II

Prerequisite: Spanish I
One Year: 1 Credit
Open to Grades 10-12

Spanish II courses build upon skills developed in Spanish I, extending students ability to understand and express themselves in Spanish and increasing their vocabulary. Typically, students learn how to engage in discourse for informative or social purposes, write expressions or passages that show understanding of sentence construction and the rules of grammar, and comprehend the language when spoken slowly. Students usually explore the customs, history, and art forms of Spanish-speaking people to deepen their understanding of the culture(s).

06103G/11301-11302

Spanish III

Prerequisite: Spanish II
One Year: 1 Credit
Open to Grades 11-12

Spanish III courses focus on having students express increasingly complex concepts both verbally and in writing while showing some spontaneity. Comprehension goals for students may include attaining more facility and faster understanding when listening to the language spoken at normal rates, being able to paraphrase or summarize written passages, and conversing easily within limited situations.

06104G/11401-11402

Spanish IV

Prerequisite: Spanish III
One Year: 1 Credit
Open to Grade 12

Spanish IV courses focus on advancing students' skills and abilities to read, write, speak, and understand the Spanish language so that they can maintain simple conversations with sufficient vocabulary and an acceptable accent, have sufficient comprehension to understand speech spoken at a normal pace, read uncomplicated but authentic prose, and write narratives that indicate a good understanding of grammar and a strong vocabulary.

MATHEMATICS

02053G/13101-13102

Intermediate Algebra I – 1st Year

Prerequisite: None

One Year: 1 Credit

Open to Grades 9-12 (required if not taking Algebra I)

Intermediate Algebra I is the first of a two-year program to learn the concepts normally covered in one year of Algebra I.

AND

02054G/13201-13202

Intermediate Algebra I – 2nd Year

Prerequisite: Intermediate Algebra I:1st Year

One Year: 1 Credit

Open to Grades 10-12

Intermediate Algebra I: 2nd year is the second of a two-year program to learn concepts normally covered in one year of Algebra I.

OR

02052G/13111-13112

Algebra I

One Year: 1 Credit

Prerequisite: None

Open to Grades 9-12 (required if not taking Intermediate Algebra I&II)

A basic algebra course exploring functions, number properties, solving simple open sentences along with verbal problems, graphing, factoring and combining algebraic expressions for problem solving use.

02056G/13221-13222

Algebra II

Prerequisite: Algebra I

One Year: 1 Credit

The course reviews Algebra I concepts, along with studying techniques to solve more complex open sentences, exponentials, complex numbers, conic sections, relations, functions, matrices, polynomials, quadratics, solving verbal problems, and problem solving. *Students taking Algebra I as an eighth grader may take Algebra II as a ninth grader.*

*Students who take Algebra II and Geometry concurrently should have a minimum GPA of 2.0 in Algebra I.

02072G/13241-13242

Geometry

Prerequisite: Successful completion of Algebra I

One Year: 1 Credit

The course will introduce logical reasoning methods, geometric properties in two and three dimensions and geometric properties related to algebraic concepts.

*Students who take Algebra II and Geometry concurrently should have a minimum GPA of 2.0 in Algebra I.

02153G/13251-13252

Technical Mathematics

One Year: 1 Credit

Prerequisite: Successful completion of Algebra I or successful completion of Intermediate Algebra I years 1 and 2

Open to Grades 11-12

This class focuses on the fundamental concepts of arithmetic, including fractions and decimals, algebra, including rearranging formulas, solving systems of linear and quadratic equations; geometry, including graphing and measurement and trigonometry. Students entering technical trade programs need to know these concepts.

02157G/13231-13232***Lifetime Math***

Prerequisite: Successful completion of any offered math class

One Year: 1 Credit

Open to Grades 11-12

This course will cover the mathematics behind everyday situations with an emphasis on percents. Some of the topics to be covered will be gross pay, net pay, banking services, credit cards, mortgages, buying a car, insurance, investments and business costs.

02104G/13301-13302***Advanced Math***

Prerequisite: Successful completion of Algebra II and Geometry

One Year: 1 Credit

This is a pre-college course covering polynomial equations and inequalities, analytic geometry, sequence and series, vectors, functions and their graphs, exponential and logarithmic functions, complex numbers and trigonometry.

*Students who take Advanced Math should have a minimum GPA of 2.0 in both Algebra II and Geometry

02124H/13601-13602***AP Calculus***

Prerequisite: Advanced Math with a minimum GPA of 2.0

One Year: 1 Credit

The course will cover real numbers, functions, graphs, limits and continuity, the derivative and differentiation, extreme function values, techniques of graphing, the definite integral and integration, and applications of the definite integral.

*Students taking this class should also take a study hall.

In the spring, students will be given the opportunity to take the Advanced Placement Test for College Credit. Payment for taking this test will be the responsibility of the student.

NOTE: This class is also listed in the AP section.

PHYSICAL EDUCATION/HEALTH

08001G/20113

Fit Frosh (New Name for PE 9-10)

Prerequisite: None

One Semester: .5 Credit

Open to Grades 9 Required

P.E. 9 is a one-semester class that will fulfill .5 credit toward the 1.5 credits required for graduation. In this course, students will acquire the knowledge, skills, and self-confidence they need to participate in a wide variety of physical activity. Students will be assessed in three criteria: the Psychomotor, the Cognitive, and the Affective Domains. The psychomotor domain requires that students are prepared for class and participate to their ability in skill work, fitness testing, and game situations. The affective domain requires students to demonstrate responsible social behaviors that promote personal and group success in physical activity. The cognitive domain requires students to understand and apply knowledge of skills and rules of the content areas. Physical Education classes will engage in the following activities: swimming, diving, softball, flag football, soccer, pickleball, badminton, basketball, weight training, volleyball, fitness testing and lacrosse.

08004G/20313

Lifetime Sports

Prerequisite: P.E. 9

One Semester: .5 Credit

Open to Grades 11-12

Lifetime Sports is a one-semester elective that will fulfill .5 credit toward the 1.5 credits required for graduation. In this course, students will recognize that physical activity offers opportunities for positive self-expression, social interaction, group membership, and meeting challenges. All the activities will encourage students to continue lifelong personal enjoyment of physical activities. Students will be assessed in two criteria: the Psychomotor, the Affective Domains. The psychomotor domain requires participation in health-enhancing fitness activities. Students will also demonstrate and work towards advanced proficiency in selected activities. The affective domain requires students to demonstrate appropriate social responsibilities by applying rules, procedures, and etiquette in all physical activity settings. Activities will include: archery, golf, horseshoes, team handball, floor hockey, swimming, pool games, yard games, lacrosse, bowling, cross country skiing, pickle ball, swimming, sand volleyball, and badminton. *A Junior or Senior may only take Lifetime Sports one time each year unless he/she needs the required graduation credits.* Students will be charged a fee of \$20.00 per class to cover the cost of this course.

08016G/20323

Food & Fitness

Prerequisite: P.E. 9

One Semester: .5 Credit

Open to Grades 10-12

Food and Fitness is a one semester elective class that will fulfill .5 credit toward the 1.5 credits required for graduation. This class will have an applied/integrated approach that combines physical education and the foods area of family and consumer education. The course will include exercise programs, nutritional/diet issues including sports nutrition, diabetes, heart disease, allergies, eating disorders, and life cycle concerns. It is an opportunity for students to use technology, physical activity, food preparation and health related information to determine their overall wellness and to develop life-long fitness habits. Students will set short and long term goals for individual diet and fitness and complete fitness journals. Current trends, global issues and career opportunities in the food and fitness industry will be discussed.

NOTE: This class is also listed in the Family and Consumer Education section.

08010G/20213***Lifeguarding Training***

Prerequisite: Must be 15 years old
One Semester: .5 Credit
Limit 12 students per session

The American Red Cross Lifeguarding program provides future lifeguards with skills and knowledge necessary to keep patrons of aquatic facilities safe in and around the water. This course includes a lifeguard-training course with aquatic-specific first aid and CPR. It also offers a choice of environment-specific lifeguarding modules with advanced prevention and resuscitation skills to meet the training needs of aquatic facilities and their staff. Students will be charged a fee of \$50, which includes; lifeguard training manual, resuscitation mask and two certification cards.

Depending on the master schedule, it is possible that this class will be offered only during the summer.

08051G/20103***Health& Fitness (New Name for Health)***

Prerequisite: None
One Semester: .5 Credit
Required for 10th Grade

Health is a one-semester required class that will fulfill the .5 credit for graduation as required by the Department of Public Instruction. This course will teach students the information and skills they need in order to become health literate, maintain and improve health, prevent disease, and reduce health-related risk behaviors. Through this course, students will demonstrate effective communication by expressing knowledge, beliefs, and ideas. They will achieve critical thinking by being able to evaluate information from reliable sources before making a decision. Students will also become self-directed learners by gathering and using health knowledge. Finally, students will become responsible citizens by choosing behaviors that are healthful, safe, legal, respectful of self and others, and demonstrate character. The content areas include: Fitness, Mental and Emotional Health, Community and Consumer Health, Nutrition, Family and Social Health, Human Growth and Development, Communicable and Chronic Diseases, Substance Use and Abuse, and Injury Prevention and Safety.

NOTE: The Health requirement is fulfilled in the sophomore year of high school. It does not satisfy a PE requirement.

SCHOOL-TO-WORK

SCHOOL-TO-WORK EXPERIENCE

18000G/22301-22302

Agriculture Co-op

Prerequisite: MUST HAVE 2 Semesters of Agriculture classes and be enrolled in an Agriculture class during the school year of the co-op. NO EXCEPTIONS

One semester: .5 Credit

Open to Grades 11-12

This is an optional one or two hour class for a total of .5 credit.

This is a one-year school supervised paid work experience for Junior and Senior High School students in career areas approved by the Department of Public Instruction. Students receive a state endorsed skill certificate from DPI upon successful completion of the program.* State approved, industry endorsed competencies must be met by the student to receive a skill certificate. Students are hired by companies and must be paid for their work. Employers must comply with all state and federal child labor laws and the Fair Labor Standards Act. This course is designed to give students on-the-job training in an agricultural field. Students will earn money as they earn credit. Job placements will be in various areas of agribusiness including animal science, plant and soil science, horticulture, forestry, natural resources, and production agriculture.

*State Certification is an option for this course.

12000G/22341-22342

Business Co-op

Prerequisite: None

One semester: .5 Credit

Open to Grades 11-12

This is an optional one or two hour class for a total of .5 credit.

The business co-op is designed to provide technical instruction, on-the-job training, and work experience for high school business education students preparing to enter employment in the business field. This course is for students whose goal is to work in the business field and to gain paid work experience.

*State Certification is an option for this course.

23321-23322

Technology Co-op

(See asterisks *)

*17000G-woods, electrical and architectural *13000G-metals

*21000G-engineering *11000G-communications

*18000G-welding *12000G-drafting

Prerequisite: Previous Technology class

One semester: .5 Credit

Open to Grades 11-12

This is an optional one or two hour class for a total of .5 credit.

This is open to Juniors and Seniors who are enrolled in any of the various technology education classes. This is a one-year, school supervised paid work experience program. Employers must comply with all state and federal child labor laws and the Fair Labor Standards Act.

22000G/22361-22362

Food Service Co-op

Prerequisites: Must have taken or be enrolled in a foods course prior to or during the school year of the co-op.

Open to Grades 11-12

This is an optional one or two hour class for a total of .5 credit.

The Food Service Co-op will provide students interested in food service occupations with the basic entry-level knowledge and skills required for a variety of food service jobs.

14000G/22381-22382

Health Co-op

Prerequisites: CNA Certification
Open to Grades 11-12

This is an optional one or two hour class for a total of .5 credit.

The Health Co-op is open to juniors and seniors interested in health career occupations. This is a one-year, school supervised paid work experience program. Employers must comply with all state and federal child labor laws and the Fair Labor Standards Act.

YOUTH APPRENTICESHIP EXPERIENCE

The standard Youth Apprenticeship model is a two-year program requiring a minimum of 900 hours of paid work experience and four semesters of related classroom instruction based on statewide, industry-developed skill standards, using a state developed curriculum which leads to a Certificate of Occupational Proficiency. In addition, youth apprentices may choose to enroll in a Level One program where they must complete a minimum of 450 hours of paid work-based learning while they are in the program. At least 250 hours of the required minimum work-based learning time must take place when related classes are being held, so that classroom instruction can be integrated with worksite training. Students successfully completing a Level One Program will receive a Certificate of Recognition.

12000E/23361-23362

Financial Services

Prerequisite: None
Open to Grades 11-12

Must be employed at a financial institution. Students will take the following Technical College 3-credit courses over ITV: Principles of Banking: Business Law: Banking Operations: Customer Service.

14000E/23381-23382

Health Services

Prerequisites: Have completed or are currently enrolled in Biology I, Health, Anatomy & Physiology.
Open to Grades 11-12

Students must complete the CNA (Certified Nursing Assistant) course, take the Medical Terminology and be employed at a medical/nursing home facility.

21000E/23371-23372

Drafting & Design – Engineering

Prerequisites: Algebra 1.
Open to Grades 11-12

Students should have completed or are enrolled in Introduction to Engineering Design and Principles of Engineering, and be employed at a Drafting & Design work place.

21000E/23391-23392

Drafting & Design – Mechanical Design

Prerequisites: Algebra 1.
Open to Grades 11 -12

Students should have completed or are enrolled in Introduction to Engineering Design and Principles of Engineering, and be employed at a Drafting & Design work place.

These apprenticeship programs can be 1-year or 2-year programs.

SCIENCE

03159G/12101-12102

Physical Science

Prerequisite: none
Grade 9 (required)
One Year: 1 Credit

A practical and activity-oriented study of physical and chemical science concepts, to include the study of matter, energy and motion. Emphasis the first semester is on chemistry and the second semester emphasizes the study of physics.

03051G/12201-12202

Biology

Prerequisite: none
One Year: 1 Credit
Grade 10 (required)

Biology is the study of life processes and this class covers some of the unifying concepts and themes. They include: energy and the maintenance of living systems, the cell and its processes, human inheritance, organizational grouping of living organisms, relationships in living systems and the nature of science.

03101G/12301-12302

Chemistry

Prerequisite: Physical Science and Algebra I.
One Year: 1 Credit
Open to Grades 10-12

Chemistry students study the structure and composition of materials and the changes which take place in them. This course is essential for anyone who wants a basic understanding of their world. May be taken concurrently with Biology.

03106H/12601-12602

AP Chemistry

Prerequisite: Chemistry, Algebra II, Physics, and Advanced Math (physics and advanced math may be taken concurrently with AP chemistry).
One Year: 1 Credit
Open to Grades 11-12

This course is an extension of chemistry. It pursues a more in depth understanding of chemical and physical changes. The course is geared toward those who plan on taking college chemistry. In the spring, students will be given the opportunity to take the Advance Placement Test to receive college credit. Payment for the test will be the responsibility of the student.

NOTE: This class is also listed in the AP section.

03151G/12401-12402

Physics

Prerequisites: Chemistry (Chemistry may be taken concurrently with Physics)
One Year: 1 Credit
Open to Grades 11-12

Physics is a physical science dealing with properties of matter and energy. Topics covered include motion, heat, electricity, sound magnetism; and light. It is recommended that students taking this course have at least one study hall scheduled each semester.

03053E/12411-12412**AS Anatomy & Physiology**

Prerequisite: Physical Science and at least 2.0 GPA in Biology or Instructors approval

One Year: 1 Credit

Open to Grades 11-12

Anatomy and Physiology is an advanced, upper level course that focuses on the names of human body structures and the processes of how they work together. This course is designed for those motivated students interested in the study of the human body or for those planning on continuing their education beyond high school, either to college or to technical school in a medical area of study. Dissections are required.

NOTE: This class is approved as an advanced standing course through NTC and satisfies Body Structure and Function course

See Advanced Standing section

The courses from the Agriculture Department listed below are DPI certified science equivalent courses. They are also listed in the Agriculture Section.

18001G/17113**Horticulture I**

Prerequisite: Plants, Animals and You

One semester: .5 Credit

Open to Grades 9-12

If you like growing and working with plants, this is the class for you! Students will explore horticultural career opportunities, study basic plant growth and soils, propagation, gardening practices, landscape planning and plant identification. This class will be using the greenhouse for many lab activities.

NOTE: This class is also listed in the Agricultural Section

18101G/17133**Animal Science**

Prerequisite: Plants, Animals and You

One semester: .5 Credit

Open to Grades 9-12

This course is designed to cover basic animal science topics. Areas to be covered are careers, anatomy, animal behavior and operator safety, feeding and nutrition, genetics, reproduction, biotechnology in livestock production and animal rights/welfare.

NOTE: This class is also listed in the Agricultural Section.

SOCIAL STUDIES

04151G/14103

Citizenship

Prerequisite: None

One Year: 1 Credit

Open to Grade 9 (required)

The course will explain the function and operation of government and government officials at the local, state, and federal levels. The importance of active, productive citizenship will be incorporated into the course through discussion of political activities. The second part of the course will focus on an introduction to other aspects of social studies such as economics, law, current events, psychology and sociology amongst other relevant topics.

04051G/14201-14202

World History

Prerequisite: None

One Year: 1 Credit

Open to Grade 10 (required)

World History is a survey course covering the time span from pre-historic development to the post-WW II era. Both a topical and study by country and region approach is utilized, in a predominantly chronological sequence. Areas of emphasis include world governmental development, social changes, the Renaissance, mercantilism, cultural development, economic changes, imperialism, and the influence of science and developed technology on our world. Also, emphasis will be on how past history relates to current happenings.

04101G/14301-14302

U.S. History

Prerequisite: None

One Year: 1 Credit

Open to Grade 11 (required)

U.S. History is a survey course of United States history. Emphasis is on the Colonial Era, the US Constitution, the Jacksonian Era, the Civil War and aftermath, the Industrial Age and the Progressives, the 20's and the Depression, W.W.I and II, and the Cold War.

04101E/14311-14312

Advanced U.S. History

Prerequisite: 3.0 overall GPA or instructor approval

One Year: 1 Credit

Open to Grades 11 or 12

The subject matter of this class will be the stories of how the United States developed into the country we now live in. Besides the political history, we will look at social, cultural, scientific, and artistic aspects of our country's past and present. Learning the subject is one of our goals, but we have further ambitions. This is a class to prepare for post-secondary education. Part of this effort will include use of a more challenging textbook. There will be increased use of writing and assignments designed to increase use of higher level thinking skills. This is a class for serious students. Assignments are mandatory and attendance is vital.

04201G/14353

Economics

Prerequisite: none

One Semester: .5 Credit

Open to Grades 11-12

The course will provide a basic understanding of economic principles including the study of economic systems, production and marketing, influences on prices, GNP, business cycles, money and banking, and government economic policies including taxation as they affect the economy. Final units will be the study of inflation, energy, and unemployment.

NOTE: This class satisfies the Personal Finance requirement.

22210G/14403**Personal Finance**

Prerequisite: none

One Semester: .5 Credit

Open to Grade 12 only (*required if Economics is not taken*)

Personal Finance is designed to prepare students for the real economic world they will face upon graduation. Areas of emphasis include taxes, checking accounts, banking, credit, advertising, insurance, investments, budgets, consumer purchasing and fundamental principles of economics.

04254G/14333**Psychology I**

Prerequisite: none

One Semester: .5 Credit

Open to Grades 11-12

Psychology is the scientific study of human behavior. Topics covered in a typical semester include child and adolescence development, the nervous system, altered states of consciousness such as dreams and sleep, learning and memory.

04256H/21333**AP Psychology**

Prerequisite: Psychology I

One semester: .5 Credit

Open to Grades 11-12

Psychology II is a continuation of Psychology I. Students planning to take Psychology II must obtain a C or better in Psychology I. Topics covered in a typical semester include personality and intelligence testing, stress and health, psychological disorders (such as mood and personality disorders) and social psychology. *In the spring, students will be given the opportunity to take the Advanced Placement Test to receive college credit. Payment for the test will be the responsibility of the student.*

NOTE: This class is also listed in the AP section.

04258G/21323**Introduction to Sociology**

Prerequisite: None

One Semester: .5 Credit

Open to grades 11-12

Sociology is the study of people in groups or more formally stated as the study of human social behavior and concentrates on patterns of social relationships, primarily in modern societies. This class will explore the sociological point of view towards culture, socialization, social structure, groups and organizations, deviance and social control, social classes and inequalities. Also discussed will be topics such as high school cliques, family structures, education, political and economic institutions, religion, and social collective behaviors. This class will ask students to take a personal look at the roles they play and what groups they associate with as well as evaluate parts of our society.

04162G/14343**Street Law**

Prerequisite: none

One Semester: .5 Credit

Open to Grades 11-12

This is a course in practical law. It is designed so that students will receive concepts and general legal terminology about law that will be practical for everyday life. Case studies and other learning activities will be used to assist students to effectively explore basic law-related knowledge of everyday legal problems and how they affect lives. Areas covered will be our legal system, criminal law, tort law, family law, and individual rights and liberties.

04064G/14323

Current Affairs

Prerequisite: none

One Semester: .5 Credit

Open to Grades 11-12

In this course students have the opportunity to discuss the issues of the day. Topics chosen for study and discussion involve materials that are all from within the last year. Issues can be of the day or week or can be topical in nature such as a week on new inventions, 2-3 days on women's issues, or the American Family. A broad range of topics are covered involving social issues, political issues, economic issues, modern life and the like. Handouts and other materials will be utilized in this class. Much reading is involved. Students may take this course twice.

TECHNOLOGY EDUCATION

21102G/16221-16222

Introduction to Engineering Design (Replaces Drafting) (2011-2012 School Year)

Prerequisite: None
One Year: 1 Credit
Open to Grades 10-12

In this course, students study the fundamentals and basic constructions used in drafting. Fundamentals such as line weight, lettering, and dimensioning are studied. This course is designed for students seeking more in-depth hands on knowledge of engineering and technology. Students will be working as engineering teams to design, construct and test various projects throughout the year utilizing a 3D solid modeling program. These projects may include: Sand Powered Vehicles, Rockets, Egg Drop Capsules, Puzzle Cubes, Desktop Organizers and Lego Products. This course could lead into the vast fields of medical, environmental, manufacturing, research & design and/or computer applications of engineering.

21004G/16121-16122

Principles of Engineering (2012-2013 School Year)

Prerequisite: Algebra I and Drafting
One Year: 1 Credit
Open to Grades 11-12

This course is designed for students seeking more in-depth, hands-on knowledge of engineering and technology. Activities in this class include creating an arctic drop shelter, studying robotics and computer programming, and applying the principles of electronics, hydraulics, and pneumatics. This course is a great opportunity to learn math, science, and technology in a hands-on, relevant way.

17106G

Electronics (2011-21012 School Year)

Prerequisite: none
One Semester: .5 Credit
Open to Grades 9-12

Comprehensive courses provide a survey of the theory, terminology, equipment, and practical experience in the skills needed for careers in the electronic field as well as typically cover the theory of electricity. Course topics may include AC, DC, analog, and integrated circuitry and solid state and digital devices, amplifiers, and semiconductors. Skills covered may involve the repair, maintenance, and building of electronic equipment such as radios, television sets, and industrial equipment.

17006G/16113

Woods I

Prerequisite: None
One Semester: .5 Credit
Open to Grades 9-12

This class is recommended for 9th and 10th graders. Students learn about safety, materials, and processes used in industry. They study different types of woods. They also work with various woodworking machines and processes to complete a project. *There will be a \$10.00 fee for projects.*

17006E/16213

Woods II

Prerequisite: Woods I
One Semester: .5 Credit

Students use hand tools and power equipment to construct more complex projects. Emphasis is placed on safe working practices. Class work consists of units in planning and making bills of materials, shaping and routing, woodturning and wood finishing. *There will be a \$10.00 fee for projects.*

17006H/16311-16312**Woods III (2012-2013 School year)**

Prerequisite: Woods II

One Year: 1 Credit

This class will be offered for two consecutive class periods. Students make drawings and design projects such as desks, chests, gun and stereo cabinets. Power and hand tools are used to construct the project. Emphasis is placed on safety and the care and maintenance of woodwork tools and machines. Projects are finished with a sprayed on finish. There are units on construction. *There will be a \$10.00 fee for projects.*

17002G/16421-16422**Construction (2011-2012 School Year)**

Prerequisite: Woods I

One Year: 1 Credit

Open to Grade 12 (Grade 11 if seats available)

This class will be offered for two consecutive class periods. Students will learn about building materials, safety, tools and equipment used. Students will learn the theory of footings, foundations, framing, roofing, and stair construction. It may also include units on plumbing, wiring, sheet rocking, and masonry. Students may build a storage shed or another project approved by the instructor. *There will be a \$10.00 fee for materials used.*

13052G/16123**Materials & Processes – Metals I**

Prerequisite: None

One Semester: .5 Credit

Open to Grades 9-12

This class is recommended for 9th and 10th graders. Students learn about safety, materials, and processes used in industry. They study types of metal, tools, and methods of machining: lathe milling machine, drill press, and sheet metal work. *There will be a \$10.00 fee for materials used.*

13052E/16223**Materials & Processes – Metals II**

Prerequisite: Materials & Processes: Metals I

One Semester: .5 Credit

Open to Grades 9-12

This class will give students an advanced understanding of machining in the world. Students will independently develop, design and fabricate projects using the equipment within the lab. Students will also begin to use and understand automated machining using a CNC Mill. If time permits, students will build a High Mileage Vehicle. *There will be a \$10.00 fee for materials used.*

18404G/16331-16332**TC Welding/General Shop**

Prerequisite: Materials & Processes: Metals I

One Year: 1 Credit

Open to Grades 10-12

See Advanced Welding/General Shop description

18404E/16351-16352**TC Advanced Welding General Shop**

Prerequisite: Welding/General Shop

One Year: 1 Credit

Open to Grades 11-12

Welding is a metal fabrication and basic construction course. Included are units in welding where students receive experience in arc and oxyacetylene welding. Accelerated students also receive experience on the TIG and MIG machines. Students will do a project. *There will be a \$10.00 fee for projects.*

NOTE: The Welding class has been approved as a transcribed credit class through NTC.

NOTE: A student may receive credit for either welding/general shop or the advanced course but not both.

NOTE: This class is also listed in the agriculture section and the transcribed credit section.

21103G/16153**Architectural Drafting (2011-2012 School Year)**

Prerequisite: None

One Semester: .5 Credit

Open to Grades 9-12

Students make drawings that are used in residential construction. Units of study are drafting techniques, drawing floor plans, elevations and perspectives of foundation plans, framing plans, electrical plans, and building codes are studied.

11002G/16233**Communications**

Prerequisite: None

One Semester: .5 Credit

Open to Grades: 9-12

Students will explore various areas of communication. Some areas of communications that will be explored will be 35 mm photography, Screen Printing, Digital Photography, Web Design, POD casting, Video Editing, Photoshop, Glass Etching/Laser Etching and Computer Animation. Some items such as t-shirts and glass will have to be brought from home. ***There will be a \$10.00 fee for materials used.***

11155G/16243**TC Graphic Communication/Web Design**

Prerequisite: Communications

One Semester: .5 Credit

Open to Grades: 10-12

Students in this class will expand their knowledge learned during communications and concentrate on the graphics side of communications. In this course, students will expand their knowledge in Web Design, 35 mm Photography, Advanced Digital Photography, Computer Animation, Photoshop and Screen Printing.

There will be a \$10.00 fee for materials used.

NOTE: The Graphic Communication/WebDesign class has been approved as a transcribed credit class through NTC.

NOTE: This class is also listed in the transcribed credit section

11049G/16363**Video/Media Productions
(2012-2013 School Year)**

Prerequisite: Communications

One Semester: .5 Credit

Open to Grades 9-12

Students in this class will expand their knowledge learned during communications and concentrate on the media side of communications. Students will learn about a variety of aspects dealing with media productions. Areas that will be covered are scripting, broadcasting, editing, sound mixing, pod casting and filming. Assignments will range from taping and editing athletic events, concerts, school board meetings and other events. Due to the time of these events, many of the assignments will be out of class. Amount of Video Productions will vary on the amount of enthusiasm and quality of videos from students.

05158G**Art & Metal Design (NEW COURSE)**

Prerequisite: Visual Studies

One semester: .5 credit

Open to Grades: 10-12

This class will focus on the artistic design of metal. Projects will include wall hangings, lawn ornaments; plasma cut pieces and sculptures. Students will learn how to design, fabricate and weld pieces to create art. Students will also learn the many different types of welds tig, ac, stick and acetylene.

NOTE: This class is also listed in the tech ed section.

05169G/18253

**Animation and Computer Game Design
(2012-2013 School Year)**

Prerequisite: Visual Studies and Communications

One Semester: .5 Credit

Open to Grades: 10-12

Students will learn 2D and 3D animation using both hand-drawn and computer-rendered images to create original characters to be used in either animated cartoons or games. Students will learn a variety of techniques and programs used to design and animate cartoons and games.

NOTE: This class is also listed in the art section.

20109G/16333

Small Engines (2012-2013 School Year)

Prerequisite: None

One Semester: .5 Credit

Students learn theory of how the engine works. The students practice on small two and four stroke cycle engines. A complete tear down of a 4-stroke cycle and a 2-stroke cycle engine is part of the course work. Additionally, repair or replace parts of the engine will occur. *There will be a \$10.00 fee for materials used.*

20103G/16353

Basic Auto (2011-2012 School Year)

Prerequisite: 11th and 12th grade students with Driver's license. Will need to bring a vehicle to class.

One Semester: .5 Credit

Students will learn about and do basic maintenance on their car. Some items are: check and clean plugs, change plugs, change oil and filter, check battery, check coolant, check or replace belts, check hoses, check or replace rotor or distributor cap, grease car, change or rotate tires, do battery load test, charging system test, do a compression test, check brakes, etc. A major portion of the class will consists of how to purchase a car and what to look for during this process as well as insurance and how to purchase this and what to look for during this process.

SENIOR PROJECT

22997E/24403

Senior Capstone Project/Exhibit of Mastery

One Semester: .5 Credit OR One Year: 1 Credit (Credit option must be applied for before taking the course)
Open To Grade 12 Only

This is an independent study course. Students will be allowed to choose a topic of choice in an area of interest. Students will need to demonstrate expertise in the subject by presenting a culminating project to a panel of adults (minimum of 3) that may consist of community, school, and business people.

STUDENT ASSISTANT PROGRAM

22995G/25901-25902

Teacher Assistant Program

One Semester: .25 Credit
Pass/Fail grading: not calculated in GPA
Open to Only Grades 11-12

Students must be taking at least 6 classes each semester and have a cumulative GPA of 3.0. Approval from the supervising staff member, a parent or guardian, and a counselor is needed before a student can begin. TA's carry out all functions that are assigned to them on a daily basis by the supervising classroom teacher. TA's may tutor, help prepare labs, demonstrations, and teaching materials. TA's do not correct tests or homework, record grades, or supervise students. A student will be removed from a TA position if he/she receives an "F" in a class at a grading period.

22054G/25911-25912

Tutor/Mentor

One Semester: .5 Credit
Pass/Fail grading: not calculated in GPA
Open To Only Grades 11-12

High school students who have an interest in helping younger students build academic skills and build positive relationships with younger students may register for this course. You may be assigned to a one on one and/or classroom setting to serve as mentor/tutors in the Elementary or Middle School buildings. HS students will work with a supervising staff member to understand the needs of the younger child, build positive mentor and tutor skills while modeling good character and directly work with younger students. Requirements include having a 3.0 GPA and Jr./Sr status; being reliable, responsible, respectful, able to take direction from staff; able to work independently; and must have good attendance. This is a great opportunity for those interested in future careers that involve education, daycare, medical fields or for those who have a general interest in working with children or helping others.

ADVANCED PLACEMENT CLASSES

02124H/13601-13602 AP Calculus

Prerequisite: Advanced Math with a minimum GPA of 2.0

One Year: 1 Credit

The course will cover real numbers, functions, graphs, limits and continuity, the derivative and differentiation, extreme function values, techniques of graphing, the definite integral and integration, and applications of the definite integral.

*Students taking these classes should also take a study hall.

In the spring, students will be given the opportunity to take the Advanced Placement Test for College Credit.

Payment for taking this test will be the responsibility of the student.

NOTE: This class is also listed in the mathematics section.

03106H/12601-12602 AP Chemistry

Prerequisite: Chemistry, Algebra II, Physics, and Advanced Math (physics and advanced math may be taken concurrently with AP chemistry).

One Year: 1 Credit

Open to Grades 11-12

This course is an extension of chemistry. It pursues a more in depth understanding of chemical and physical changes. The course is geared toward those who plan on taking college chemistry. *In the spring, students will be given the opportunity to take the Advance Placement Test to receive college credit. Payment for the test will be the responsibility of the student.*

NOTE: This class is also listed in the science section.

04256H/21333 AP Psychology

Prerequisite: Psychology I

One semester: .5 Credit

Open to Grades 11-12

Psychology II is a continuation of Psychology I. Students planning to take Psychology II must obtain a C or better in Psychology I. Topics covered in a typical semester include personality and intelligence testing, stress and health, psychological disorders (such as mood and personality disorders) and social psychology. *In the spring, students will be given the opportunity to take the Advanced Placement Test to receive college credit. Payment for the test will be the responsibility of the student.*

NOTE: This class is also listed in the social studies section.

DISTANCE LEARNING CLASSES

Students planning to take Distance Learning courses are required to sign the Purchased Credit Agreement. Copies of the agreement may be picked up in the Counselor's office.

High School to High School Courses

(NOTE: The courses listed below are classes coming to Colby from other districts)

It is a possibility that there will be more High School-to-High School classes offered however, at the time of this printing, those classes are yet to be determined. Please see your counselor for further information.

TRANSCRIPTED CREDIT COURSES

Certified university, college and/or adjunct instructors using college books and materials teach the courses listed below. Students receive college credit upon completion of the course(s). Upon successful completion of the course, students will receive an official transcript with grade and credit(s) recorded at the post-secondary institution. Students enrolled in college courses will also receive high school credit (dual credit).

These courses are of college level integrity and rigor. Courses will be taught on the post-secondary college calendar as stated in the course syllabus. Absences due to conflicting high school activities must be pre-arranged with the instructor, and students will be responsible for any missed work.

All high school student registrations must be submitted on the "High School Registration Form" with appropriate signature and recommended form where applicable.

21401

TC English 110: Introduction to College Writing University of Wisconsin – Eau Claire Course

Prerequisites: Composition I

To enroll in English 110 a student must have achieved one of the following: 1)a UWEPT score of 450 or above, 2)an ACT English score of 24 or above, 3)SAT verbal score of 430 or above, 4)students not meeting any of the previous three criteria may submit a letter of recommendation for consideration.

One Year: DUAL CREDIT 1.0 credits – CHS; 5.0 Credits (University)

This course provides instruction of develop basic skills evolving from reading and discussion of various kinds of writing. The process may include group projects, special topics, and writing workshops and involves reading, speaking, listening and writing, combined with attention of language fundamentals as well as practice in gathering and expressing ideas, including the writing of the documented paper.

NOTE: This class is taken via the Distance Learning Network.

NOTE: This class is also listed in the English section.

This class is for responsible high-achieving seniors who are planning on attending the university in the fall. This class is taught by university faculty and require university caliber work to pass.

21411

TC Medical Terminology (510-120) NorthCentral Technical College Course

Prerequisites: Successful completion of Biology ("C" Average) and Anatomy & Physiology ("C"Average): may be taken concurrently with Anatomy & Physiology.

One Semester: DUAL CREDIT .5 credits – CHS; 3.0 Credits (technical college)

Using the word-building system, this course teaches students to pronounce, define, spell, build and analyze medical terms. This course is based on anatomy of the human body systems. There is no physiology included in this course. This course is required for the following programs: Medical Secretary and Health Care Business Services.

NOTE: This class is taken via the Distance Learning Network.

21103

***TC Introduction to Sign Lang.
NorthCentral Technical College Course***

Prerequisites: None

One Semester: DUAL CREDIT .5 credits – CHS; 3.0 Credits (technical college)

Communication with the deaf and hard of hearing is an introductory sign language course and an optional part of the Sign Language Certificate offered by the Educational Interpreter Technician Program. It is offered as an elective to students in other associate degree programs. A challenge test is available. Tentative based on student interest.

NOTE: This class is taken via the Distance Learning Network

TRANSCRIPTED CREDIT COURSES

High School instructors using college books and materials teach the courses listed below. Students receive college credit upon completion of the course(s). Upon successful completion of the course, students will receive an official transcript with grade and credit(s) recorded at the post-secondary institution. Students enrolled in college courses will also receive high school credit (dual credit).

18101G/17133

Animal Science

Prerequisite: Plants, Animals and You
One semester: .5 Credit
Open to Grades 9-12

This course is designed to cover basic animal science topics. Areas to be covered are careers, anatomy, animal behavior and operator safety, feeding and nutrition, genetics, reproduction, biotechnology in livestock production and animal rights/welfare. *

This class has been approved as a science equivalent course by the DPI and is also listed in the science section.

NOTE: The Animal Science class has been approved as a transcribed credit class through NTC.

NOTE: This class is also listed in the agriculture section.

18404G/16331-16332

TC Welding/General Shop

Prerequisite: Materials & Processes: Metals I
One Year: 1 Credit
Open to Grades 10-12
See Advanced Welding/General Shop description

18404E/16351-16352

TC Advanced Welding General Shop

Prerequisite: Welding/General Shop
One Year: 1 Credit
Open to Grades 11-12

Welding is a metal fabrication and basic construction course. Included are units in welding where students receive experience in arc and oxyacetylene welding. Accelerated students also receive experience on the TIG and MIG machines. Students will do a project. **There will be a \$10.00 fee for projects.**

NOTE: The Welding class has been approved as a transcribed credit class through NTC.

NOTE: A student may receive credit for either welding/general shop or the advanced course but not both.

NOTE: This class is also listed in the agriculture section and the tech ed section.

11155G/16243

TC Graphic Communication/Web Design

Prerequisite: Communications
One Semester: .5 Credit
Open to Grades: 10-12

Students in this class will expand their knowledge learned during communications and concentrate on the graphics side of communications. In this course, students will expand their knowledge in Web Design, 35 mm Photography, Advanced Digital Photography, Computer Animation, Photoshop and Screen Printing.

There will be a \$10.00 fee for materials used.

NOTE: The Graphic Communication/WebDesign class has been approved as a transcribed credit class through NTC.

NOTE: This class is also listed in the tech ed section

NTC CERTIFICATE PROGRAMS

The following programs are not only high school classes but NorthCentral Technical classes as well. Students who enroll in one of the below are not only taking a course but an entire program of study. This curriculum will give the student a "jump start" into their technical college career and many of the classes and or entire programs will ladder into a four year university plan. Students receive dual credit for the series which means that both high school and NTC credit is granted upon successful completion. Students will not be on CHS campus for most of the program.

32001/32002

Manufacturing Certificate (Formally SPARK)

One Year: 3 CHS credits – 13 NTC credits
Open to Grade 12

NorthCentral Technical College, in collaboration with several area high schools, including Colby, is offering a program to help students explore a career in the rapidly growing field of Manufacturing. Classes will be held afternoons, in lieu of regularly scheduled courses, at the NTC-Spencer Campus and Colby High School. Students will earn dual credits, both at NTC and Colby High School. Students will combine hands-on learning with classroom instruction through a variety of topics with may include: Critical Core Manufacturing Skills, Quality Manufacturing, Machine Tool and Welding.

33001/33002

Marketing Certificate (NEW PROGRAM)

One Year: 3 CHS credits – 16 NTC credits
Open to Grade 12

NorthCentral Technical College, in collaboration with several area high schools, including Colby, is offering a program to help students explore a career in the rapidly growing field of Marketing and Business. Classes will be held afternoons, in lieu of regularly scheduled courses, at the NTC-Spencer Campus. Students will earn dual credits, both at NTC and Colby High School. Classes students will be enrolled in throughout the year include: Marketing Principles, Introduction to Business, Marketing Presentations, Entrepreneurship, Leadership Development and Customer Service.

35001/35002

Early Childhood Education Certificate (NEW PROGRAM)

One Year: 3 CHS credits – 15 NTC credits
Open to Grade 12

NorthCentral Technical College, in collaboration with several area high schools, including Colby, is offering a program to help students explore a career in the field of early childhood education. Classes will be held afternoons, in lieu of regularly scheduled courses, at the NTC-Spencer Campus with possibly practicum sites at Colby and/or Spencer High Schools. Classes students will be enrolled in throughout the year include: Foundations of ECE, Health Safety and Nutrition, Art, Music and Language Arts, Child Development and Guiding Child Behavior.

ADVANCED STANDING COURSES

Students may earn college credit while taking high school courses on the high school campus. NTC and Colby High School have "Advanced Standing" agreements that give students an opportunity to earn dual credit: both high school and technical college. Students may earn the college credit by completing the high school course(s) which have an advanced standing agreement with a grade of B or better, and entering a technical college within 27 months of high school graduation. Advanced standing credit is transferable between all Wisconsin Technical Colleges in comparable courses. Below is a list of the Colby High School courses that currently offer advanced standing credit.

PURCHASED CREDIT AGREEMENT

Agreement for Classes Purchased Outside The Realm of the Colby High School Curriculum Offerings

The following policy pertains to students who take part in class offerings from the Rural TechNet Consortium or CWETN, through Contracted or Transcribed Credit Courses, Virtual School courses or any other classes purchased outside the realm of the Colby High School curriculum offerings.

1. The School District of Colby agrees to pay the initial cost of the coursework offered from the classes types listed above.
2. If the student drops the class or does not complete the coursework required, the financial obligation becomes that of the parent/student. If the student does not receive a final grade of a C or better, the financial obligation becomes that of the parent/student. The parent/student will reimburse the School District for all costs pertaining to the course.
3. In order for a student to enroll in university/technical college coursework, they must meet all requirements established by both the UW/Wisconsin Technical College, and the Colby High School.
4. All parties involved must agree to the stipulation in this agreement before enrolling as verified with their signature.

THIS DEED, made between SÜD FAMILY LIMITED PARTNERSHIP, a Wisconsin limited partnership ("Grantor," whether one or more) and SCHOOL DISTRICT OF COLBY ("Grantee," whether one or more).

Grantor, for a valuable consideration, conveys to Grantee the following described real estate, together with the rents, profits, fixtures and other appurtenant interests, in Clark County, State of Wisconsin ("Property") (if more space is needed, please attach addendum):

Part of Government Lot 4, Section 15, Town 24 North, Range 2 West, City of Neillsville, Clark County, Wisconsin, further described as follows:

Lot 1 of Certified Survey Map Number 1350 recorded on March 24, 2004 with the Clark County Register of Deeds as Document Number 524985.

Grantor warrants that the title to the Property is good, indefeasible in fee simple and free and clear of encumbrances except municipal and zoning ordinances and agreements entered under them, recorded easements for the distribution of utility and municipal services, recorded building and use restrictions and covenants, general taxes levied on or after January 1, 2010, and special assessments, if any, for work on site actually commenced or levied on or after January 1, 2010 and will warrant and defend the same.

Support Staff Layoff Procedures Administrative Procedures for Implementation of Article XIII of the Colby Support Staff Labor Agreement

Superintendent and building administrator meet to **determine details of position reduction:**

1. Review job description, critical duties that need to be reassigned.
2. Review job/building specific needs.
3. Determine position classification for Article XIII.A.

Review of ALL employee "qualifications, skills and abilities" within the classification.
Consists of items a-f for each employee.

- a) review completed district evaluations,
- b) review of credentials, formal training, and transcripts
- c) review of informal training (on the job) and work experience within the district,
- d) review of interpersonal skills and work relationships (ability to work as a team player), ability to receive and accept constructive criticism.
- e) review any individual qualifications specific to position
- f) review any additional qualifications not specific to position but those that are added value to the district.

Notification of employee completed after ranking.

1. Formal letter of reduction delivered in person.
2. Copy of letter placed in personnel file.
3. Employee notification of Article XIII.C (recall).
4. Employee notification of Article XIV (vacancies & job postings).

Board of Education is informed of final decisions.

REGULAR MEETING MINUTES
BOARD OF EDUCATION – SCHOOL DISTRICT OF COLBY
MONDAY, JANUARY 17, 2011
COLBY DISTRICT/EDUCATION CENTER

The Regular School Board Meeting on January 17, 2011, was called to order at 7:30 p.m. in the Colby District Education Center by Board President Dennis Engel. Members present were Donna Krueger, Cheryl Ploeckelman, Edward Haas, Eric Elmhurst, Rick Weber, William Tesmer, Dennis Engel and student board member Emily Peissig. Also present were Superintendent Steven Kolden and Chris Thieme.

The meeting notice was posted according to the requirements of the open meeting law.

Several items of correspondence were presented including: WTA "Focus" 12/6, 12/15, 12/29 Vol. I & II; WASB Employment & Labor Law Review – 1/7/2011; I.D.E.A. Foundation Grants totaling \$1,295.00 for Colby Elementary; The Wisconsin Taxpayer – November & December, 2010.

Emily Peissig, Student Board Member, reported the vocational clubs are organizing a Winter Carnival. There will not be a Sno-Ball Dance this year. Many fun activities are planned for Friday. Students are studying for semester finals on Thursday and Friday. A Blood Drive is scheduled for this week.

Mr. Kolden reported on the Fair Funding Proposal. School Board Election dates were distributed. Mr. Kolden presented a research article "I Want to Believe" on how teachers' deeply held beliefs and perceptions shape how they do their jobs. A letter and the deed to the administration building in Neillsville were received giving ownership of the property to Colby School District. Board members will receive their next board packet information electronically via email. This is being done to reduce paper use, postage and provide board packets in a timely manner.

Motion by Mrs. Ploeckelman, seconded by Mr. Elmhurst, to approve the consent agenda removing item 6.01 Approval of Board Minutes from the consent agenda and vote on it separately. Voice vote – Motion carried. Approved were the resignations of Allen Zettler as Freshman Football Coach and Brenda DuVall as Varsity Volleyball Coach. Also approved were New Hires/Transfers: Theresa Ibarra as Little Stars Paraprofessional (transfer from Food Service), Lori Holtzheimer as Lunchroom Computer Operator, Cody Meyers as .80 FTE as H.S. ELL Paraprofessional, Traci Anderson as MS/HS Business Education Teacher and Clarice Zenner as Lunchroom Computer Operator.

Motion by Mrs. Ploeckelman, seconded by Mr. Haas, to approve the minutes of the December 20, 2010, Regular Board Meeting as presented. Roll call vote - Motion carried 5-0-2 abstain: Mrs. Krueger, Mr. Tesmer.

The Finance Committee recommended approval of the Receipts and Invoices for payment as presented. Voice vote - Motion carried.

Also distributed to board members was a Budget and Expenditure Report as of January 17, 2011.

The Finance Committee met on January 12, 2011, to review the proposed budget reductions for 2011-2012 and will discuss under Agenda Item 8.05.

The Personnel Committee will report on negotiations in closed session.

The Policy and Curriculum Committee met on January 5, 2011, to discuss many policies.

Mr. Kolden walked the board through the items on the proposed budget reduction list and asked board members to take some time to consider the items listed and meet again to review the proposals. There are proposed reductions in teachers, programs, paraprofessional staff, custodial staff, administration, clerical staff, contracted services, supplies and materials and transportation.

The Administrative Procedures (88 Pages) for Special Education will be removed from Board Policy 342.1 and become separate as it is updated continuously according to Federal Special Education Guidelines.

Motion by Mr. Weber, seconded by Mrs. Krueger to approve the CESA #10 Services contract for 2011-2012 with the exception of items BS3 and IS 7A as they will be reviewed. Voice vote – Motion carried.

Motion by Mr. Weber, seconded by Mrs. Krueger to approve CWETN contract for distance education services for 2011-2012 replacing the current services through Rural Tech Network. Voice vote – Motion carried.

Motion by Mr. Weber, seconded by Mrs. Krueger to approve contracting with Rural Virtual Academy for online classes for individuals we count as students, yet take all their coursework online. Voice vote – Motion carried.

Motion by Mr. Weber, seconded by Mrs. Krueger to approve revised language to the Colby H. S. Handbook providing guidelines to allow noon hour open campus for seniors. Voice vote – Motion carried.

Board members considered the First Reading of Board Policy 342.1 – Programs for Students with Disabilities.

Motion by Mrs. Ploeckelman, seconded by Mr. Weber, to convene in closed session per Wisconsin Statutes 19.85 c) to consider employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility; f) Consider financial, medical, social or personal histories or disciplinary data of specific persons, preliminary consideration of specific personnel problems or the investigation of charges against specific persons except where par.(b) applies which if discussed in public would be likely to have a substantial adverse effect upon the reputation of any person referred to in such histories or data, or involved in such problems or investigations: 10.02 Student Conduct Issue; 10.03 Administrative Contracts – 2011-2012; 10.04 Administrative Reductions – 2011-2012; 10.05 CEA Negotiations 2009-2011; 10.06 CEA Negotiations 2011-2013; CSSA Negotiations 2011-13. Roll call vote – Motion carried 7-0.

Motion by Mr. Weber, seconded by Mr. Elmhurst, to move from closed session and to reconvene in open session as previously announced. Voice vote - Motion carried.

Motion by Mr. Weber, seconded by Mrs. Krueger, to renew administrative contracts with language adjustments to make them similar including 260 contract days, 20 sick leave days capped at 125 days, retirement benefits after 20 years service in public education with 10 years in the Colby School District and a two year rollover provision. Voice vote – Motion carried.

Scheduled Meetings:

Special Board of Education Budget Review Meeting – February 9, 2011 - 5:30 p.m. CDEC

Regular Board of Education – February 21, 2011 – 7:30 p.m. CDEC

Motion by Mrs. Krueger, seconded by Mr. Haas, to adjourn the meeting. Voice vote - Motion carried. Meeting adjourned at 9:40 p.m.

Respectfully Submitted:

Edward Haas, Clerk

Chris Thieme, Reporting Secretary

SPECIAL BOARD OF EDUCATION MEETING
SCHOOL DISTRICT OF COLBY
February 9, 2011

The Special School Board of Education Meeting on February 9, 2011, was called to order at 5:30 p.m. in the Colby District Education Center by Board President, Dennis Engel. Members present were Rick Weber, Eric Elmhurst, Cheryl Ploeckelman, Dennis Engel, Edward Haas, William Tesmer, and Donna Krueger. Also present were Superintendent, Steven Kolden and Chris Thieme.

The meeting notice was posted according to the requirements of the open meeting law.

The goal of this meeting is to review the proposed budget reductions and reprioritize after discussion of each item. Board members received an explanation of the working budget reduction document and categorization of items listed. They also received information from staff on the impact of the various budget reductions.

Targeted reductions are in the areas of administration, clerical, custodial and building and site operations, transportation, educational and instructional supplies, elementary, middle and high school teachers and technology services and availability.

Upcoming Meetings:

Community Listening Session – February 16, 2011 – 6:00 p.m. – Lions Shelter
Clark County Boards of Education Forum – February 16, 2011 – 7:00 p.m. – Colby M.S.
Regular Board of Education Meeting – February 21, 2011 – 7:30 p.m. CDEC

Motion by Mrs. Krueger, seconded by Mr. Elmhurst, to adjourn the meeting. Voice vote - Motion carried. Meeting adjourned at 7:50 p.m.

Respectfully Submitted,

Edward Haas, Clerk

Christine Thieme, Reporting

To: Dr. Steve Kolden, District Administrator ,Colby School Board

From: Kevin J. Spindler, Middle School Choir Teacher

Re: Information regarding an Out-of-State Trip

The Colby Middle School Choir is looking for approval of a choir trip to Gurnee, IL. The Trip itinerary includes going to Medieval Times Dinner Theatre & Tournament, participation in the Great American Parks Festival performance, one night's accommodation at the Holiday Inn, and admission to Six Flags Great America Theme Park. The cost of the trip is \$194 per student/chaperone. The cost will also include busing expense. There is about 60-70 students wanting to attend along with Mr. Spindler, and 5-7 more chaperones. The Middle School Choir has fundraised to help offset the cost of the trip per student. Their profit margin was a little over \$2900. We are not asking for the board's assistance with regards to money.

In the past years, we have felt that the trip was well-planned, well-chaperoned, and our students exceeded our expectations with regards to their behavior. The choir students have been reaching goals they have set for themselves from the beginning of the year. This trip would give them the challenge to meet those goals. What these students gain from these trips are great musical and educational experiences that enhance their personal performance levels. Please contact me with any questions or concerns you may have. (223-2338 ext. 249) Thank-you for your time.

Enclosed is the proposed itinerary.

Kevin J. Spindler

TRIP ITINERARY FOR MIDDLE SCHOOL CHOIR TRIP

May 20, 2011 (Friday)

- | | |
|--------------|--|
| 7:30am | Arrive at School (Go to Choir Room) |

Animal Explorers Overnights & Twilight Adventures Programs

Explore the Minnesota Zoo after hours! Zoo naturalists lead your group through a fun-filled evening of activities and behind the scenes tours. Includes dinner, snack and t-shirts for all participants. Overnight guests will also receive breakfast after catching their zzz's at the Zoo.

Animal Explorers Overnights (Oceans or Bears) are offered on select Tuesday, Wednesday, and Thursday evenings, October through June from 4:30 p.m. until 8 a.m. the next morning. Click on the Register Online button to see available dates.

NEW! Twilight Adventures (Oceans) are offered on select evenings, October through April from 4:30 p.m. - 9:30 p.m. (evening only). Please call 952-431-9218 for availability, to register or more information.

Oceans: (offered October-June for up to 60 participants) Dream with the dolphins! Snore with the Sharks! Zoo naturalists lead your class through a fun filled and educational evening exploring our two favorite topics - sharks and dolphins! Participants will investigate these top ocean predators through hands-on activities and enjoy two behind-the-scenes tours of the main zoo kitchen and the Shark Reef keeper area. Includes pizza dinner, snack and t-shirts for all participants. Overnight guests will also receive breakfast in the morning.

Bears: (offered May for up to 35 participants) Hibernate with the Bears! Meet the predators of the award-winning Russia's Grizzly Coast exhibit and explore the bear world from what they eat to how they prepare for that long winter's nap. We may even sleep in the exhibit's lava tubes! Every overnight includes fun, interactive games, and a memorable behind-the-scenes tour of the bear kitchen and holding areas. Overnights include an evening pizza dinner, breakfast and a commemorative T-shirt for all participants.

Animal Explorers Overnights

Fee: \$47 per participant

Times: 4:30 p.m. - 8:00 a.m. the next day

Twilight Adventures

Fee: \$40 per participant

Times: 4:30 p.m. - 9:30 p.m. (evening only)

For Groups

If you are a community or scout group looking for a group overnight [click here](#).

If you are interested in our family overnights [click here](#).

How to Register

Click here to register for 2010-2011 School Year.

Register Online!

Online: A confirmation will be sent to you via e-mail once you have registered online (click on the Register Online button)

By Phone: Call 952.431.9218 to talk to our school scheduler to answer questions and to book your field trip.

Enhance your students' overnight trip by staying the next day and take a trip on the monorail or see more of the Zoo. Call 952.431.9218 for scheduling if you are arriving early or staying late the next day. Also, consider a morning IMAX show. Call IMAX at 952.997.9714 more information.

February 7, 2011

Steve Kolden, Administrator
School District of Colby
505 West Spence Street
P.O. Box 139
Colby, WI 54421-0139

Dear Mr. Kolden:

Enclosed is an engagement letter for the fiscal year ending June 30, 2011. The letter contains all the provisions of a standard school district audit contract. Please review the letter and return the original to us when signed. A return envelope is enclosed.

Also enclosed is a "get-ready" letter for your upcoming membership audit.

Feel free to call should there be questions.

Sincerely,

John E. Vig, Managing Member
Vig & Associates, LLC

Service Contract Summary 2011-2012

NOTE: Costs listed are for the 2011-2012 school year. Because some service costs are based on projected expenses, some rates may be adjusted during this time
