I approved this quote today. It exceeds my spending authority as Supt. I'll ask for forgiveness on 8/19.

Facilities met Monday, with the full BOE meeting on the 19th, we didn't have two weeks to wait for approval and still have the District Kitchen ready for school start. They' start working on this today.

# **AEF Beliefs**

During the 1990's two major state policy changes (revenue limits and 2/3 state funding) were implemented. Then the state withdrew its commitment to 2/3rds by the turn in the century and the State Supreme Court has established a new educational standard. That standard says that:

"Wisconsin students have a fundamental right to an equal opportunity to a sound basic education that will equip students for their roles as citizens and enable them to succeed economically and personally."

The Court also specified courses to be provided and required that "...districts with disproportionate numbers of disabled students, economically disadvantaged students, and students with limited English language skills..." be taken into account. The effect of this decision is to demand that the legislature revise our school finance system to assure that every child has an equal educational opportunity.

The obvious question is, what has been the result of the standard? The answers are disappointing.

In absolute terms, Table 1, below, shows that the spending gap has widened since 1993-94, the first year of revenue limits. By 2009-10 the amount spent in the highest spending district had increased by \$12,846 per pupil, while the increase in the lowest spending district was only \$5,833. Relatively, things are about the same, as the lowest spending district in 2009-10 spent 43% of the amount spent in the highest spending district, 2% more than 16 years ago. The difference in the range between the lowest and highest spending districts has grown from \$6,861 in 1993-94 to \$13,874 in 2009-10.

Table 1: School District Expenditures: Changes from 1993-94 to 2009-10

During the same period school tax burden differences have widened relatively. While school property tax rates declined when the state increased its aid levels, the formula distortions which accompanied the aid increase helped to keep the tax burden differences from narrowing. In 2009-10, K-12 property tax rates per thousand dollars of valuation ranged from \$2.71 to \$15.79 and the average was \$9.18.

Due to the state's infusion of direct aid in 1996-97 with the initial commitment to 2/3rds funding, overall tax rates have gone down over the past 16 years. The bottom line is that the gross tax rate in the lowest taxing district has declined 54%, or 6% more than the state average. And the highest taxing district now pays a tax rate of 566% of the lowest, up from 505% 16 years ago (see Table 2).

The position of the AEF has consistently been that whatever the level of state funding, state K-12 resources should be distributed in a way that assures the equal ability for all school districts to support education educational opportunities for all children, treating taxpayers fairly in the process. In the two most recent state biennial budgets, the state's resources identified as supporting schools in Wisconsin have been steered into levy credits as opposed to direct aid to school districts.

Comparisons	1993-94	2009-10	% Change

Lowest	\$5.94	\$2.71	-54%

Concerning the three student populations with additional educational needs to be taken into account, more litigation may be coming.

Since revenue limits have been in effect:

- Special education costs have nearly doubled and per pupil categorical aid has decreased \$33;
- The English language learning population and the cost of serving them has increased rapidly and the per pupil categorical aid has been cut by more than half;
- The per pupil grant for the SAGE program will be increased for the first time in 2007-08; and;
- Revenue limits make no allowance for the categorically unaided costs incurred by school districts in addressing additional educational needs and school districts have been forced to absorb those costs through other budget adjustments.

# How does such a system take the additional educational needs into account?

In summary, little has changed. We continue to have a school funding system that does not provide an equal educational opportunity for our children; does not meet the additional needs of the three student populations identified in our standard; and does not provide a fair and equitable school tax burden for property owners.

Regardless of the level of state aid, the continued reliance on local wealth means property-poor districts must continue to tax their residents at higher rates to obtain the same dollar amount for each pupil. Disequalizing state aid and levy credit payments continue to increase.

Many school districts have disproportionately high numbers of children who need additional help such as children with disabilities, children from backgrounds of poverty or children of limited English proficiency. The 2000 Supreme Court decision requires that the legislature take these children and districts into account in our school finance system. To date, the needs of these populations have not been well or completely addressed.

In recognition of the continuing financial disparities among school districts and taxpayers along with the legislature's failure to address the elements of our standard AEF will continue its effort to improve our school finance system. This legislative proposal will attempt to accomplish the following two general goals in the school finance system:

(1) equal access to state and local revenues for all districts so that the cost of money to invest in K-12 education is the same for all children in all districts; and

(2) additional funds to meet the additional needs of the three student populations cited in our standard on a continuing basis which takes account of the cost of serving those populations and inflation.

The Association for Equity in Funding (AEF) is a group of Wisconsin school districts that seeks financial equity in the state system of school financing. The members include larger and urban-type districts such as Green Bay, Chippewa Falls, and Beloit, as well as smaller, more rural districts like Algoma, Antigo, Cornell, Spencer, Southern Door and Whitehall.

2019-21 State Biennial Budget Update - 2019 Act 9

Governor Evers signed the 2019-21 biennial budget bill into law on July 3, 2019, as 2019 Wisconsin Act 9. I want to provide you with an update on several key provisions contained in the budget for K-12 schools. Unless otherwise noted, the provisions of Act 9 became generally effective as of July 5, 2019. You can read about the changes to funding for K-12 schools that are included in the 2019-21 state biennial budget here: <a href="https://dpi.wi.gov/policy-budget/biennial-budget/current">https://dpi.wi.gov/policy-budget/biennial-budget/current</a>.

#### REVENUE LIMIT AND STATE GENERAL AID

### Revenue Limit Per Pupil (Per-Member Increase)

Each district will receive a per-member adjustment to its revenue limit, equal to \$175 in FY20 and \$179 in FY21. These adjustments are base-building increases to the district's revenue authority.

### Low-Revenue Ceiling/Adjustment

The low-revenue ceiling threshold will be increased, from \$9,400 per pupil (FY19) to \$9,700 in FY20 and then to \$10,000 in FY21. Districts may use the low-revenue adjustment to bring the permember revenue authority amount up to the low-revenue thresholds if, after the application of the per-member revenue limit adjustment (above), the district's per-member revenue limit authority is less than the stated thresholds.

### **General Equalization Aids**

Funding for general equalization aid was increased, by \$83.2 million for FY20, an increase of 1.8 percent to FY19; and by \$246.7 million for FY21 (an increase of 3.5 percent to FY20). The impact on an individual district's general equalization aid will depend on that district's factors and its position in the state aid formula.

#### CATEGORICAL STATE AIDS

#### Per Pupil Aid

Each district will receive Per Pupil Aid in the amount of \$742 per revenue limit member in FY20 and in FY21. This is an increase of \$88 per member, compared to the FY19 amount (\$654).

District Administrators July 26, 2019 Page 2 of 4

## Supplemental Per Pupil Aid

Act 9 creates a new aid program under which the department is directed to distribute \$2.8 million in FY20 and \$2.5 million in FY21 to all school districts. More information on this new state aid is forthcoming.

### Special Education Categorical Aid

Funding for reimbursement of eligible special education costs was increased by \$15.5 million in FY20 and by \$81.3 million in FY21. The funding changes are estimated to increase the reimbursement rate for aidable special education expenditures, from just under 25 percent (in FY19) to just under 26 percent in FY20 and 30 percent in FY21.

### Supplemental Special Education

Act 9 maintained base funding for the Supplemental Special Education program in FY20, but repeals this aid program beginning in FY21.

Note: There were no programmatic or funding changes made to the other Special Education aid and grant programs: High-Cost Special Education Aid (still reimburses up to 90 percent of prior year eligible costs); Transition Incentive Grants (still provides up to \$1,000 per qualified survey response); and the Transition Readiness Grants (competitive grant, total appropriation remains at \$1.5 million annually).

### School Mental Health Categorical Aid Program

Act 9 increased funding for this aid program from \$3 million to \$6 million annually. This program provides reimbursement for costs of expanding social worker services in schools.

### Community and School Mental Health Collaborative Grant Program

Act 9 increased funding for this competitive grant from \$3.25 million to \$6.5 million annually.

### Sparsity Aid

Funding for Sparsity Aid was adjusted to reflect the amounts required to fully fund *estimated* aid eligibility under current law. No programmatic changes were made to the current \$400 per general member for districts with 745 or fewer members, and with fewer than 10 members per square mile.

### High Cost Pupil Transportation Aid

Act 9 increased funding by \$800,000 annually for reimbursements to districts with higher than average transportation costs on a per-member basis. The funding increase is *estimated* to provide support at roughly 90 percent of projected aid eligibility.

### Rural Teacher Talent Pilot Program

Funding for this program was increased from \$500,000 annually to \$1.5 million annually, beginning in FY20. The department awards grants to cooperative educational service agencies to coordinate with universities and colleges to provide practicums, student-teacher placement, and internships for undergraduate college students in rural school districts.

### **Robotics League Participation Grants**

Act 9 increased funding for this competitive grant program from \$250,000 to \$500,000 annually.

District Administrators July 26, 2019 Page 3 of 4

### School Day Milk Program

Act 9 increased funding by \$382,900 annually, beginning in FY20, which will increase the reimbursement rate for the Wisconsin School Day Milk Program from 58 percent to 100 percent of estimated eligible expenditures to prior law participants. However, Act 9 expanded eligibility to independent charter schools, the state's two residential schools, and to residential care centers for children and youth.

### School Library Aid

Act 9 increased funding for School Library Aids by \$2.4 million in FY20 and by \$3.3 million in FY21.

### Personal Electronic Computing Devices (PECD) Grant

Act 9 eliminated funding for the PECD grant program effective in FY20. There is no longer funding for this grant program.

### School Performance Improvement Grant

Act 9 eliminated funding for this grant program effective in FY21.

Technology for Educational Achievement (TEACH) Program [Department of Administration] Act 9 extended funding for the Information Technology Infrastructure block grants through June 30, 2021, at \$3.0 million annually. Funding for the Educational Technology Training and Technical Assistance grants and the Technology Education Curriculum grants was eliminated, effective in FY20. Additionally, Act 9 removed references to video links under the TEACH program.

For more information on the TEACH grant program, please see the DOA website:

https://teach.wi.gov/pages/home.aspx

#### **OPEN ENROLLMENT**

Act 9 adjusted the full-time, per-pupil transfer amount under Open Enrollment (OE) as provided for under the current law indexing mechanism. Note that for non-special education OE students, the full-time, per-pupil transfer amount is increased by an additional \$100 through FY21, as required under section 118.51 (s) (y), Wis. Stats. The resulting per-pupil (FTE) payments will be as follows:

		<u>FY20</u>	
Open Enrollment Transfer Amount	<u>FY19</u>	<u>Adjustment</u>	Estimated FY20
Students without Disabilities	\$7,379	\$392	\$7,771
Students with Disabilities*	\$12,431	\$292	\$12,723

<sup>\*</sup> Emergency administrative rules have been proposed to implement current law allowing nonresident districts to charge actual costs to the resident district.

#### PRIVATE SCHOOL CHOICE PROGRAMS AND INDEPENDENT CHARTER SCHOOLS

Act 9 adjusted the per-pupil amount paid to private schools for students enrolled in a private school under a parental choice program or the Special Needs Scholarship Program, and for students enrolled in independent charter schools, as provided for under the current law indexing mechanism (\$292 for FY20 and *estimated* at \$254 for FY21). The resulting per-pupil (FTE) payments will be as follows:

		<u>FY20</u>	
<u>Program</u>	<u>FY19</u>	<u>Adjustment</u>	Estimated FY20
Private School Choice: Grades K-8	\$7,754	\$292	\$8,046
Private School Choice: Grades 9-12	\$8,400	\$292	\$8,692
Special Needs Voucher*	\$12,431	\$292	\$12,723
Independent Charter School	\$8,619	\$292	\$8,911

<sup>\*</sup> Emergency administrative rules have been proposed to implement current law allowing private schools to receive state aid payments equal to actual costs of providing the services. This will likely increase local property taxes.

Thank you for your attention to the changes included in the 2019-21 state biennial budget. The department will continue to review Act 9 and communicate additional information to districts as needed. Should you have questions about the 2019-21 biennial budget, please contact Erin Fath, Director, DPI Policy and Budget, at (608) 266-2804, or <a href="mailto:Erin.Fath@dpi.wi.gov">Erin.Fath@dpi.wi.gov</a>.

Re: Information regarding an out-of-state trip

Colby High School Band is looking for approval of an out-of-state band trip to St. Louis, Missouri. The trip itinerary includes transportation, hotel accommodations, Zoo, River Boat Cruise, Arch, Six Flags, City Museum, and much more. The most important part of the trip is our performance at the Music in the Parks Festival. This will give our group the opportunity to perform in front of world class judges, against high quality school groups. The dates for the St. Louis Trip are April 2-5, 2020. I have been working with Group Travel Planners to plan this trip, and have quoted this trip at \$589 per student. The more students that go, the lower the cost will be. I am looking at between 30 and 35 students going on the trip along with Mr. Larsen and 3-4 other chaperones. The High School Band will be fund-raising to help offset their individual costs for the trip. The school district will not provide any funds towards this educational trip. Our trip in 2018 to Nashville was a huge success, and I am hoping to continue this tradition of a trip for years to come. It is a great way to get our students excited about band, and proud to be a part of the Colby Band Program. I would also like to be given the option to fundraise solely for this amazing opportunity by doing additional fundraisers to offset the cost of the trip. I would also like to request/ask at least 1 teacher/chaperones to aid with the students that will be attending the trip.

I have planned this trip to the best of my ability and I am still working on finalizing some details. I am eager to take students to St. Louis, Missouri and experience an awesome performance venue while representing both the State of Wisconsin and Colby with PRIDE. Students will receive a great musical, social, educational, and historical experience. They will be able to carry those experiences with them for the rest of their lives. Thankyou for your time.

Enclosed is a sample of the trip itinerary.

### Dear Laurie,

I'm writing this with a heavy heart, but I have decided to resign my position of Lunch Room Aide effective immediately. Thank you very much for the years I have worked at the school. I actually can say I have enjoyed my years here, loved being around all the students and forming bonds with some of them, they always made me smile and brightened my days. I would also like to take this time to thank you for giving me a job to begin with, and for being understanding when I needed time off for appointments, and when I wasn't doing well with my health and needed time off. At this time my health and my family need to come first. I would also like to possibly stay on as a sub for the kitchen, so I can at least help there when I can. I will sadly miss being a part of the Colby School District!!

Sincerely,

Lori Holtzheimer

Dear Mr. Jim Hagen and Colby School District,

Please accept this letter as formal notification that I am resigning from my position as Special Olympics Bowling Head Coach, Basketball Assistant Coach, as well as Track and Field Assistant Coach.

Thank you so much for the opportunity to work in this position for the past year. I've greatly enjoyed and appreciated the opportunities I've had to learn and grow both as a teacher and a coach. I have learned so much about working with individuals with Special Needs in the athletic field, which is a complete 180 from the classroom.

I will do everything possible to wrap up my duties and can help out training new team members if necessary. Please let me know if there's anything else I can do to help during this transition.

Sincerely,

Nicole Schalow

I received the C team coaching agreement yesterday. I appreciate the opportunity these last two years. We had a great deal of success and the kids progressed both as a player and a person. However, I think it is probably time for someone else to take over the C team assignment.

If you can't find anyone of quality, I could and would do it again this year but if you had the opportunity to give it to someone else that knows the game

And does right by kids that would be OK too.

Let me know

I am separating from employment with the Colby School District as of this date. I can no longer work for an administrator who makes you pay to keep your job. I work over 75 hours and then you do not pay me? Where did that money go? Someone getting a bonus? am I helping to pay for the electric bill?

Life happens and not just during holidays and summer time. I am a twenty year loyal employee with an excellent attendance record. To continue forward knowing that when, not if, I might need to take time off (WITHOUT PAY) I will have to PAY YOU, out of pocket, to keep my job.

Your administrator said this policy was in place to "discourage the behavior" of taking time off if you're not "sick". So now if I want to see a new grandchild, attend a funeral or wedding, see my daughter's new home, etc. might cost me to attend. To have over 900.00 withheld from my last paycheck made me feel like a naughty child who needed to be punished. I will not be bullied. I'm done.

Assembly Bill 223 relating to: supplemental <u>state aid for consolidated</u> <u>school districts</u> and making an appropriation.

Analysis by the Legislative Reference Bureau: This bill creates a new aid program for certain consolidated school districts. To be eligible for this aid, the consolidation must take effect on or after July 1, 2020, and the consolidated school district's maximum allowable levy rate must be greater than the lowest levy rate of the school districts that were consolidated to create the school district (underlying school districts).

If a consolidated school district satisfies the above-described criteria, in the first school year following the consolidation, the consolidated school district is entitled to aid in an amount equal to the consolidated school district's equalized value multiplied by the difference between the maximum allowable levy rate of the consolidated school district and the lowest levy rate of the underlying school districts (base aid amount). In the second school year following the consolidation, the consolidated school district is entitled to aid in an amount equal to 80 percent of the base aid amount. ... The amount of the aid continues to be reduced by 20 percent each school year so that in the sixth school year following the consolidation, the consolidated school district no longer receives this aid.

The WASB supports this bill as it provides additional aid for districts that *voluntarily* consolidate. The additional aid would receive under the revenue limits; thus it would <u>reduce property taxes</u>. Further, it would ensure (subject to the phase-out) that no property within the consolidated district would be taxed at a higher tax rate than the lowest tax rate among the consolidating districts.

GIVEN ASSEMBLY BILL 223, would it be "irresponsible" of us as community leaders to not have some type of discussion related to consolidation with Abbotsford?

Dear Dr. Kolden and Colby School Board,

I am writing this letter in regards to me graduating after my junior year, in the class of 2020. I have given this much thought and have taken into consideration the fact that this may be difficult. I currently only need nine more credits to graduate. For those nine credits I have met with Ms. Krauss and we have made a schedule consisting of the following classes: US History AP, Plant Science/Horticulture, Lifetime Sports, Theater, English 11, Advanced Math, Classical Mythology Short Story, Spanish III, Animal Systems, Food and Fitness, Physics (one semester), Metals, and Youth Apprenticeship for Ag, Food, and Natural Resources. The reason behind graduating early is that I would like to start continuing my education at Fox Valley Technical College in Appleton, rather than doing my senior year.

I am going to apply to Fox Valley for the summer of 2020. I will be attending Fox Valley for their two year Early Childhood Education Program. The cost to receive my degree is roughly \$11,000 before scholarships. To help with the cost of my education I am going to fill out the Marshfield Eagles, Mid-State Truck Service, National FFA, Wisconsin FFA and many other scholarships as they become available. The remaining cost left after scholarships I will pay for with a student loan.

I am going to be living with my older sister and her family in Ripon. Ripon is located about one hour from Appleton. My current job, Culver's in Marshfield, will transfer me to the Culver's in Ripon when I leave for college. After college I plan on being a preschool teacher in or around the Ripon area.

Thank you for taking time to read this letter and for considering my request to graduate a year early.

Sincerely,

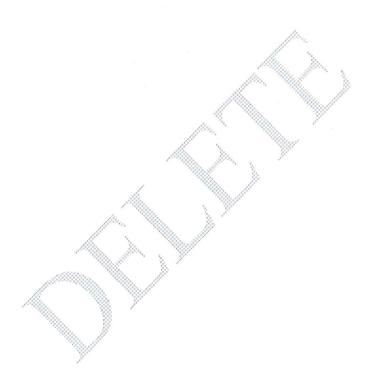

Olivia Weiland

### FREEDOM TO READ STATEMENT

The freedom to read is essential to our democracy. It is continuously under attack. Private groups and public authorities in various parts of the country are working to remove or limit access to reading materials, to censor content in schools, to label "controversial" views, to distribute lists of "objectionable" books or authors, and to purge libraries. These actions apparently rise from a view that our national tradition of free expression is no longer valid; that censorship and suppression are needed to avoid the subversion of politics and the corruption of morals. We, as citizens devoted to reading and as librarians and publishers responsible for disseminating ideas, wish to assert the public interest in the preservation of the freedom to read.

Most attempts at suppression rest on a denial of the fundamental premise of democracy: that the ordinary citizen, by exercising critical judgment, will accept the good and reject the bad. The censors, public and private, assume that they should determine what is good and what is bad for their fellow citizens.

We trust Americans to recognize propaganda and misinformation, and to make their own decisions about what they read and believe. We do not believe they need the help of censors to assist them in this task. We do not believe they are prepared to sacrifice their heritage of a free press in order to be "protected" against what others think may be bad for them. We believe they still favor free enterprise in ideas and expression.

These efforts at suppression are related to a larger pattern of pressures being brought against education, the press, art and images, films, broadcast media, and the Internet. The problem is not only one of actual censorship. The shadow of fear cast by these pressures leads, we suspect, to an even larger voluntary curtailment of expression by those who seek to avoid controversy.

Such pressure toward conformity is perhaps natural to a time of accelerated change. And yet suppression is never more dangerous than in such a time of social tension. Freedom has given the United States the elasticity to endure strain. Freedom keeps open the path of novel and creative solutions, and enables change to come by choice. Every silencing of a heresy, every enforcement of an orthodoxy, diminishes the toughness and resilience of our society and leaves it the less able to deal with controversy and difference.

Now as always in our history, reading is among our greatest freedoms. The freedom to read and write is almost the only means for making generally available ideas or manners of expression that can initially command only a small audience. The written word is the natural medium for the new idea and the untried voice from which come the original contributions to social growth. It is essential to the extended discussion that serious thought requires, and to the accumulation of knowledge and ideas into organized collections.

We believe that free communication is essential to the preservation of a free society and a creative culture. We believe that these pressures toward conformity present the danger of limiting the range and variety of inquiry and expression on which our democracy and our culture depend. We believe that every American community must jealously guard the freedom to publish and to circulate, in order to preserve its own freedom to read. We believe that publishers and librarians have a profound responsibility to give validity to that freedom to read by making it possible for the readers to choose freely from a variety of offerings. The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

SECTION: INSTRUCTION

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox or unpopular with the majority.

- 2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.
- 3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.
- 4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
- 5. It is not in the public interest to force a reader to accept with any expression the prejudgment of a label characterizing it or its author as subversive or dangerous.
- 6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large.
- 7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

We state these propositions neither lightly nor as easy generalizations. We here stake out a lofty claim for the value of the written word. We do so because we believe that it is possessed of enormous variety and usefulness, worthy of cherishing and keeping free. We realize that the application of these propositions may mean the dissemination of ideas and manners of expression that are repugnant to many persons. We do not state these propositions in the comfortable belief that what people read is unimportant. We believe rather that what people read is deeply important; that ideas can be dangerous; but that the suppression of ideas is fatal to a democratic society. Freedom itself is a dangerous way of life, but it is ours.

The libraries rely on resource sharing and interlibrary loan programs:

- 1. To extend access to information and materials not normally acquired
- 2. To support interlibrary loan as a concept to foster interlibrary cooperation and resource sharing
- 3. To extend budget funds as effectively as possible

However, interlibrary loan activities will not be used as a replacement for ongoing collection development. No library has either the space or resources to anticipate and purchase everything patrons find useful.

The following guidelines shall be followed when handling interlibrary loan requests:

- 1. Every effort will be made to meet patron needs with district collections before beginning the outside interlibrary loan process
- 2. Loaning and borrowing of materials will be at the discretion of the school library staff as stated in Wisconsin State Statute 43.72(3) (as shown below)
- 3. Patrons will be personally responsible for all materials borrowed for them and will need to pay replacement cost for all materials that are lost and damaged while in their possession.
- 4. All library services will be revoked until replacement costs are repaid.

The libraries participate in resource sharing with any library without charge for the Interlibrary Loan services.

The Colby School District shall follow guidelines as stated in the Wisconsin State Statutes 43.72-Interlibrary Loans.

- 43.72(1) School library books and other instructional material belonging to one school district may be loaned to another school district for use in any school library of that school district.
- 43.72(2) Any public library board and school board may make such exchanges and loans of books and other instructional material as are agreed upon for the purpose of increasing the efficiency of both libraries and ensuring the best service to the schools and all citizens
- 43.72(3) Any school district that borrows materials through a public library system shall reciprocate by sharing with other participating libraries materials that are not immediate or constant demand by the school library's primary clientele, as determined by the school district.

## TECHNOLOGY CONCERNS FOR STUDENTS WITH SPECIAL NEEDS

The School District of Colby believes that every student can and will learn if placed in a challenging and supportive learning environment.

Students with special needs will have access to appropriate assistive technology to assist them with their educational activities. Students with special needs are students who have a disability and an IEP or a 504 plan, are gifted and talented, are migrant or homeless, or who are English Language Learners.

The School District of Colby will provide special education and related services designed to meet the unique needs of each student with a disability, based on his/her individualized education program (IEP), as required by law.

The School District of Colby makes available assistive technology devices or assistive technology services, or both, to a child with a disability if required as part of the child's special education, related services, or supplementary aids and services. If a child's individualized education program team determines that access to school-purchased assistive technology devices or services in the child's home or in other settings is necessary for the child to receive a free appropriate public education, the devices or services are provided.

"Assistive technology device" means any item, piece of equipment or product system that is used to increase, maintain or improve the functional capabilities of a child with a disability. "Assistive technology service" means any service that directly assists a child with a disability in the selection, acquisition or use of an assistive technology device, including all of the following:

- evaluating the needs of the child, including a functional evaluation of the child in the child's customary environment;
- purchasing, leasing or otherwise providing for the acquisition of assistive technology devices by children;
- selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing or replacing of assistive technology devices;
- coordinating and using other therapies, interventions or services with assistive technology devices, such as those associated with existing education and rehabilitative plans and programs;
- training or technical assistance for the child or, if appropriate, the child's family;
- and training or technical assistance for professionals, including individuals providing education and rehabilitation services, employers or other individuals who provide services to, employ or are otherwise substantially involved in the major life functions of that child.

Assistive technology includes speech and visual software aids, laptop computers, curriculum software, large print books, magnifiers, calculators, recorded materials, alternate keyboards, and computers in each classroom. In addition, trained staff assist classroom teachers in the use of appropriate assistive technology strategies for each student with special needs.

APPROVED: 03/21/2006

POLICY#: 363.2

SECTION: INSTRUCTION

The need for assistive technology is determined on a case-by-case basis. If the IEP team determines that a particular assistive technology item is required for the student to be provided a favorable benefit from his/her education program, the technology must be provided to implement the IEP.

The School District of Colby does not discriminate in the technology services offered to students with special needs on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability

#### 2.07 Employee Harassment based on a Legally Protected Status Harassment and Bullying

- A. <u>Policy Statement</u>: The District is committed to providing fair and equal employment opportunities and to providing a professional work and student learning environment free of all forms of unlawful employment harassment and bullying.

Sexual harassment, whether committed by supervisory or non-supervisory personnel, is unlawful and also specifically prohibited. In addition, the District shall not tolerate acts of non-employees (volunteers, vendors, visitors, etc.) that have the effect of harassing District employees in the workplace. Harassment can occur as a result of a single incident or a pattern of behavior where the purpose or effect of such behavior is to

create an intimidating, hostile or offensive working environment. Harassment encompasses a broad range of physical and verbal behavior that can include, but is not limited to, the following:

- 1. Unwelcome sexual advances, comments or innuendos;
- 2. Physical or verbal abuse;
- 3. Jokes, insults or slurs based on any personal characteristic (Such comments are unacceptable whether or not the individual within the protected class is present in the workplace to overhear them and whether or not a member of a class professes to tolerate such remarks);
- 4. Taunting based on any personal characteristic described above in section 2.02; and/or
- 5. Requests for sexual favors used as a condition of employment or affecting any personnel decisions such as hiring, promotion, compensation, etc.
- C. Employee Responsibility: All employees are responsible for ensuring that harassment and bullying do not occur. The District intends to comply with both the letter and spirit of the law in making certain that harassment and bullying do not exist in its policies, regulations and operations. Anyone who believes that he or she has been the subject of harassment or bullying or has knowledge of violations of this policy shall report the matter in accordance with established complaint procedures (Board Policy #512). All reports regarding employee harassment or bullying shall be taken seriously, treated fairly and promptly and thoroughly investigated. Individual privacy shall be protected to the extent possible. There shall be no retaliation against any person who files a complaint under this policy. The District shall take appropriate and necessary action to eliminate employee harassment and bullying. Actions that are determined to be harassment or bullying shall be subject to disciplinary action, up to and including dismissal.

All employees have a duty to report incidents of alleged harassment or bullying to their immediate supervisor or designated equal employment officer. Employees who fail to report incidents of alleged harassment or bullying may be subject to disciplinary action, up to and including dismissal. In addition, supervisory employees who fail to respond to harassment or bullying complaints or to act on their knowledge of violation of this policy will likewise be subject to disciplinary action, up to and including dismissal.

This policy and its accompanying procedures shall be published annually and distributed to all staff. District staff will be required to sign an acknowledgment of receipt of the policy and procedure on an annual basis. Training shall be conducted annually on this policy for all staff in the District.

#### 2.08 Bullying

- A. <u>Policy Statement</u>: The District is committed to providing fair and equal employment opportunities and to providing a professional work and student learning environment free of all forms of bullying and harassment prohibited by Wisconsin Criminal Statutes, e.g. Wis. Stats. 947.013 and 947.0125
  - 1. <u>Bullying</u>: Bullying is defined as systematic or repeated infliction (or attempted or threatened infliction) of physical harm or psychological/emotional distress on one or more students, staff, or other persons. It involves purposeful or intentional written, spoken, nonverbal, or physical behavior, including but not limited to any threatening, intimidating, insulting, degrading, or dehumanizing conduct, gesture, or communication that has the effect of doing any of the following:
    - a. Substantially interfering with any employee's work or a student's education;
    - b. Substantially interfering with a person's ability to participate in or benefit from any school activity or program;
    - c. Endangering the health, safety, or property of the target(s) of the behavior;
    - d. Creating a threatening, intimidating, hostile, or offensive environment within any District school, activity, or program; or
    - e. Substantially disrupting the orderly operation of the school.

"Cyber-bullying" is defined as bullying that involves the use of digital technologies, including but not limited to, e-mail, cell phones, text messages, instant messages, chat rooms, and social media (e.g., Twitter<sup>TM</sup> or Facebook<sup>TM</sup>). Cyber-bullying is prohibited and treated the same as all other types of bullying.

Bullying is deliberate/purposeful conduct, but intent/purpose may properly be inferred from the totality of the circumstances (e.g., where the behavior is persistent/repeated or where the responsible party reasonably should have been able to foresee the consequences of his/her actions and the manner in which his/her conduct would be likely to be perceived by the target(s) of the conduct).

Bullying can involve direct interaction between the aggressor-bully and the target(s), or it can be indirect (such as orchestrating others to engage in acts of bullying; facilitating bullying conduct by others; etc.).

Not all behaviors that (1) hurt another person's feelings; (2) are a manifestation of an interpersonal conflict; or (3) are in some way unkind amount to acts of bullying. However, such negative behaviors are still a legitimate subject of concern and regulation within the school environment. Further, it shall be a goal of the District's workplace and educational programs to help staff, students and others recognize and acknowledge that even one-time instances of, for example, name calling, negative teasing, put-downs, or excluding others (when inclusion was readily possible) are inappropriate and problematic for a number of reasons.

B. Employee Responsibility: All employees are responsible for ensuring that harassment and bullying do not occur. The District intends to comply with both the letter and spirit of the law in making certain that harassment and bullying do not exist in its policies, regulations and operations. Anyone who believes that he or she has been the subject of harassment or bullying or has knowledge of violations of this policy shall report the matter in accordance with established complaint procedures (Board Policy #512). All reports regarding employee harassment or bullying shall be taken seriously, treated fairly and promptly and thoroughly investigated. Individual privacy shall be protected to the extent possible. There shall be no retaliation against any person who files a complaint under this policy. The District shall take appropriate and necessary action to eliminate employee harassment and bullying. Actions that are determined to be harassment or bullying shall be subject to disciplinary action, up to and including dismissal.

All employees have a duty to report incidents of alleged harassment or bullying to their immediate supervisor or designated equal employment officer. Employees who fail to report incidents of alleged harassment or bullying may be subject to disciplinary action, up to and including dismissal. In addition, supervisory employees who fail to respond to harassment or bullying complaints or to act on their knowledge of violation of this policy will likewise be subject to disciplinary action, up to and including dismissal.

This policy and its accompanying procedures shall be published annually and distributed to all staff. District staff will be required to sign an acknowledgment of receipt of the policy and procedure on an annual basis. Training shall be conducted annually on this policy for all staff in the District.

#### SECTION 3. GENERAL EMPLOYMENT PRACTICES AND EXPECTATIONS

#### 3.01 District Expectations

The District expects its employees to produce quality work, maintain confidentially, work efficiently, and exhibit a professional and courteous attitude toward other employees, parents, and students. The District expects employees to comply with all applicable Board policies, work rules, job descriptions, terms of this *Handbook* and legal obligations.

The District expects employees to comply with the standards of conduct set out in Board policies, this *Handbook*, administrative regulations, and with any other policies, regulations and guidelines that impose duties, requirements or

- B. the time that has passed since the offense, conduct and/or completion of the sentence;
- C. the nature of the position to which the employee is assigned; and
- D. (for-non-felonious crimes only) the relationship between the offense and the position to which the employee is assigned.

Nothing herein shall prohibit the District from placing an employee on administrative leave based upon an arrest, indictment or conviction.

#### 3.13 District Property

The District may supply an employee with equipment or supplies to assist the employee in performing his/her job duties. All employees are expected to show reasonable care for any equipment issued and to take precautions against theft. Employees cannot take District property for personal use or gain. Any equipment, unused supplies, or keys issued must be returned prior to the employee's last day of employment, including, but not limited by enumeration: employee identification badges and the key fob for building entry. District equipment borrowed for short term use should be returned the first work day after project completion.

#### 3.14 Drug-, Alcohol-, and Tobacco-Free Workplace

- A. Restrictions on Tobacco, Smoking,-Nicotine and Vaping Products
  - 1. <u>Tobacco and Nicotine Products</u>: Employees shall not use tobacco and nicotine products except for nicotine products used as part of a smoking cessation program, as defined below, on District premises, in District vehicles, or in the presence of students at school or school-related activities. [Insert link to applicable local policy]. § 120.12(20), Wis. Stats. In addition, the District prohibits the use of vaping products regardless of whether such products contain tobacco or nicotine. Employees who violate this policy will be subject to disciplinary action, up to and including termination from employment.
  - 2. <u>Definitions</u>: A "tobacco product" includes, for example, chewing tobacco, cigarettes, cigars, and snuff. A "nicotine product" means any product that contains nicotine and is not a tobacco product, a cigarette, or a product that has been approved by the U.S. Food and Drug Administration for sale as a smoking cessation product or for another medical purpose and is being marketed and sold solely for such an approved purchase (e.g., nicotine gum, nicotine skin patches). Nicotine products covered by this prohibition might include, for example, electronic cigarettes (e-cigarettes) with nicotine, nicotine vaporizers, and nicotine lollipops.

#### B. <u>Drug-Free and Alcohol-Free Workplace</u>

- 1. <u>General Restrictions on Alcohol and Drugs</u>: The District prohibits the following conduct by any person who is on District premises (i.e., property that is owned, leased, or controlled by the District); in a District vehicle; or participating in a District-sponsored activity:
  - a. The unlawful manufacturing, distribution, dispensing, possession, or use of a controlled substance (as defined under state or federal law, including all illegal drugs), a hazardous inhalant, or alcohol.
  - b. Being under the influence of a controlled substance (excluding the lawful and medically-appropriate use of medication), a hazardous inhalant, or alcohol in any manner that violates the law, violates a District policy, creates a disturbance, or jeopardizes safety.
  - c. The possession or distribution (including the purchase, sale, or transfer) of any substance that is represented as a controlled substance.
- 2. Additional Drug and Alcohol Restrictions Applicable to All Employees: District employees are subject to additional restrictions regarding alcohol and controlled substances. Specifically, except as otherwise required by law or specified in this policy, no District employee may possess, manufacture, distribute, dispense, use, or be under the influence of alcohol or a controlled substance, or use or be under the influence of a hazardous inhalant, when the employee is (1) on District-premises; (2) in any vehicle being used for District business; or (3) regardless of location, at any District-authorized activity, event, or function at a time when the employee is acting in the scope of his/her employment, responsible for

District students, or otherwise acting as an agent of the District. For purposes of this provision, being under the influence of alcohol includes having a detectable alcohol concentration of 0.02 or higher.

3. <u>Drugs and Alcohol Testing Based on Individualized Circumstances (Reasonable Suspicion)</u>: If a supervisor or administrator has actual knowledge of or reasonable suspicion concerning an employee's employment-related possession or use of alcohol or controlled substances in violation of District policy or any applicable law (e.g., use on the job or being under the influence upon reporting for work or while working), the employee may be required to submit to testing for alcohol and/or controlled substances. Any drug and alcohol testing of District employees shall be conducted using procedures that reasonably protect the privacy interests of the employee and the integrity of the test results.

Consequences for Drug and Alcohol Violations: Compliance with the District's policies and rules regarding alcohol and drugs in the workplace is mandatory and a condition of employment. School employees shall cooperate with supervisors and with law enforcement personnel in investigations concerning any possible violations of these provisions. Employees who violate the District's policies or rules regarding these substances are subject to consequences, including referral to drug and alcohol counseling or rehabilitation programs, reassignment, monitoring plans (which, to the extent permitted by law, may include testing), discipline (up to and including termination), and/or referral to appropriate law enforcement officials.

The District seeks to provide a safe drug-free workplace for all of its employees.

- A. Prohibited Acts Drugs and Alcohol: Therefore, the manufacture, distribution, dispensation, possession, use of or presence under the influence of alcohol, inhalants, controlled substances or substances represented to be such, or unauthorized prescription medication, is prohibited on school premises or at school activities. In addition, the District will not condone the involvement of any employee with illicit drugs, even where the employee is not on District premises. Employees of the school system shall not possess, use, or distribute any illicit drug or alcoholic beverage as defined in Wisconsin Statutes while on school premises or while responsible for chaperoning students on school sponsored trips. Any employee who possesses, uses, or distributes any illicit drug or alcoholic beverage on school premises, or while responsible for chaperoning students on a school sponsored trip may be disciplined, up to and including discharge. All school employees shall cooperate with law enforcement agencies in investigations concerning any violation of this provision.
- B. <u>Tobacco Products</u>: Employees shall not use tobacco and nicotine products except for nicotine products used as part of a smoking cessation program as defined below on District premises, in District vehicles, nor in the presence of students at school or school related activities except as provided for below. (<u>Board Policy #522.1</u>) Employees who violate this policy will be subject to disciplinary action, up to and including termination from employment. §120.12(20), Wis. Stats.
- A "tobacco product" includes, for example, chewing tobacco, cigars, and snuff. A "nicotine product" means any product that contains nicotine and is not a tobacco product, a cigarette, or a product that has been approved by the U.S. Food and Drug Administration for sale as a smoking cessation product or for another medical purpose and is being marketed and sold solely for such an approved purchase (i.e., nicotine gum, nicotine skin patches).
