Re: Information regarding an out-of-state trip

The Colby Middle School Band is looking for approval of an out-of-state band trip to Gurnee, Illinois. This trip would be in conjunction with the Middle School Choir Trip. The trip itinerary includes transportation, hotel accommodations, Medival Times, Jelly Belly Factory, Six Flags Great America, and more. The most important part of the trip is our performance at the Music in the Parks competition. This competition brings group from around the country to perform and compete. This would be a great opportunity for our students to show that even though we are a small school, we can still do big things. The dates for the Gurnee Trip are May 12-13, 2017. This is a great opportunity for the middle school band students to take pride in the program. It is difficult keeping students in the program from middle school until high school, and I believe this trip will help bridge that gap. The cost of the trip is just over \$200 per student. They have been fundraising for this trip over the past year, and whatever money they do not fundraise will come out of their pocket. The school district will not provide any funds towards this educational trip. I am looking to start this tradition, and take a trip every year with the choir. It is a great way to get our students excited about band, and proud to be a part of the Colby Band Program. This is also a great way to help build a music department that can help and support each other for years to come. I would also like to request/ask at least 1 teacher/chaperones to aid with the students that will be attending the trip.

Kevin and I have planned this trip to the best of our abilities and we are still working on finalizing some details. I am eager to take students to Gurnee, Illinois to experience an awesome performance venue while representing Colby and the State of Wisconsin PRIDE. Through performance based trips students will gain great musical, social, educational, and historical experience. They will be able to carry those experiences with them for the rest of their lives. Thank-you for your time.

Administrative procedures for Compliance with the Office of Civil Rights with regard to Transgender Students

I. PURPOSE:

The purpose of these guidelines is:

- 1) to foster inclusive and welcoming learning environments that are free from discrimination, harassment, and bullying regardless of sex, sexual orientation, gender identity, or gender expression;
- 2) to facilitate compliance with district policy, and local, state and federal laws that prohibit discrimination, harassment and bullying;
- 3) to provide professional development to school staff on transgender issues; and
- 4) to create safe and supportive learning and working environments.

For purposes of these guidelines, a transgender individual is an individual that consistently asserts a gender identity or gender expression at school or work that is different from the gender assigned at birth. This involves more than a casual declaration of gender identity or expression but does not require proof of a formal evaluation and diagnosis. Since individual circumstances, needs, programs, facilities and resources may differ; administrators and school staff are expected to consider the needs of the individual on a case-by-case basis.

These guidelines are intended to be a resource that is compliant with district policies, local, state and federal laws. They are not intended to anticipate every possible situation that may occur.

II. THE PROCESS:

The following process should be used on a case-by-case basis to address the needs of transgender and gender nonconforming students:

- A. A transgender or gender nonconforming student is encouraged to contact the building principal to address any concerns, needs, or requests. Students may also contact their respective counselors, who will immediately notify and work with the principal. Parents/guardians of transgender students may also initiate contact with the counselor, principal, or other administrator.
- B. The principal or designee will schedule a meeting to discuss the student's needs and to develop a specific Student Support Plan to address these needs. Documentation shall include date, time, location, names and titles of participants, as well as the following information. The plan should address, as appropriate,
- 1) the name and pronouns desired by the student (generally speaking, school staff and educators should inquire which terms a student may prefer and avoid terms that make the individual uncomfortable; a good general guideline is to employ those terms which the individual uses to describe themselves),
- 2) restroom and locker room use (a school may make individual user options available to all students who voluntarily seek additional privacy),
- 3) participation in athletics and extracurricular activities,
- 4) dress code,
- 5) student transition plans, if any, and
- 6) other needs or requests of the student.

SECTION: STUDENTS

Parents and others (those individuals determined to have a need to know by District Administration, such as counselor, nurse, and teachers) may be included in this meeting dependent upon the needs of the individual.

Some transgender and gender nonconforming students are not "open" at home for reasons that may include safety concerns or lack of acceptance. School personnel should speak with the student *first* before discussing a student's gender nonconformity or transgender status with the student's parent/guardian.

In a case where a student is not yet able to self-advocate, the request to respect and affirm a student's identity likely will come from the student's parent/guardian.

At least once each school year (or more often as reasonably requested by the student or his/her parents/guardians), the Support Team should review the student's circumstances to determine whether existing arrangements related to the student's gender identity, gender transition, or transgender status are meeting their educational needs and ensuring that the student has access and opportunity to participate in the District's education programs and activities.

Schools may maintain separate restrooms and locker rooms for male and female students. Access should be allowed based on the gender identity consistently expressed by the student. Any transgender or gender nonconforming student who is uncomfortable using a shared restroom or locker room regardless of the reason, shall upon request, be provided with a safe alternative. This may include, for example, addition of a privacy partition or curtain, use of a nearby private restroom or office, or a separate changing schedule. *However, staff should not require a transgender or gender nonconforming student/ employee to use a specific space.*

Administrators and staff should respect the right of an individual to be addressed by a name and pronoun that corresponds to their gender identity. A court-ordered name or gender change is not required, and the student need not change his or her official records.

- C. Note: If the student has an IEP or 504 Plan, the provisions in these plans should be taken into consideration in developing a plan for addressing transgender issues.
- D. While medical documentation is not required, the school may request such documentation if helpful to develop an appropriate plan for the student.
- E. If the parties are uncertain or disagree regarding elements to be included in the plan, the principal/designee shall consult with the District Title IX Compliance Officer.
- F. Students may also use Appeal Processes Regarding School Policies or Decisions to address any civil rights issue, including transgender issues at school.

III. MEDIA AND COMMUNICATION:

When questions are received from the media or community about issues related to gender identity, including District policy and procedures/guidelines, school staff shall direct parents and the media to the Title IX Compliance Officer, Director of Pupil Services, or to the Building Principal.

Protecting the privacy of transgender and gender nonconforming students and employees must be a top priority for all staff. All student and personnel information shall be kept strictly confidential as required by district policy and local, state or federal privacy laws.

SECTION: STUDENTS

IV. OFFICIAL RECORDS:

A. Mandatory permanent student records will include the legal/ birth name and legal/birth gender. However, to the extent that the district is not legally required to use a student's legal/birth name and gender on other school records or documents, the school will use the name and gender preferred by the student. For example Student ID cards are not legal documents, and therefore, may reflect the student's preferred name.

- B. A student's preferred name can be entered in the student information system using the Nickname' field.
- C. ONLY upon receipt of a court order or other legal documentation will the school/district change a student's official record to reflect a change in legal/ birth name or gender. All such changes will be made pursuant to a court order or through amendment of state or federally issued identification.

V. STUDENT INTRAMURAL AND INTERSCHOLASTIC ATHLETICS/EXTRACURRICULAR ACTIVITIES:

All students will be permitted to participate in any intramural sports/extracurricular activities in a manner consistent with their gender identity consistently expressed at school. Transgender students may be permitted to participate in interscholastic athletics consistent with the requirements and policies of the Wisconsin Interscholastic Athletics Association (WIAA). The Wisconsin Interscholastic Athletic Association determines its own rules for interscholastic competitions.

Pursuant to the WIAA Transgender Participation Policy, in order to initiate a request to participate in a sport or on a team which corresponds with the student's gender identity or gender expression and not the sex assigned to the student at birth, the student and parent(s) must notify the building administrator or guidance counselor in writing that the student is transgender and has a consistent gender identity different than the sex assigned to the student at birth and listed on the student's birth certificate. The written notification must also list the WIAA sport in which the student would like to participate.

VI. DRESS CODES:

- A. Schools may enforce dress codes pursuant to district policy.
- B. Students shall have the right to dress in accordance with their gender identity within the constraints of the dress codes adopted by the district and respective schools.

VII. STUDENT TRIPS AND OVERNIGHT ACCOMMODATIONS

When a school sponsors activities that require overnight accommodations, transgender students shall not be denied the right to participate. The goals of maximizing a transgender students social integration and equal opportunity to participate in overnight activities and athletic trips, ensuring the students safety and comfort, and minimizing stigmatization of the student shall be considered.

SECTION: STUDENTS

Ask the student if he/she has friends who they would like to share a room with and begin there. In some instances rooms with connecting interior doors may be opened in order to foster socialization yet offer privacy, if required.

VII. TRAINING AND PROFESSIONAL DEVELOPMENT

A. The District Title IX Compliance Officer will provide training to the Administrative Leadership Team on its responsibilities under applicable laws and these guidelines, B. The principals/designees will conduct site training for all staff members under their supervision (including teachers, counselors, nurses and all support staff) regarding district policies, the law, and these guidelines.

C. All staff will be trained and reminded annually of their duty and responsibility to prevent, identify, and respond to bullying, harassment, and discrimination.

SECTION: INSTRUCTION

SELECTION OF HIGH SCHOOL STATE SPONSORED (HEAB) SCHOLARSHIP AND HONOR STUDENTS

The student having the highest GPA (grade point average) at the end of the seventh semester in high school will be selected to qualify as a scholarship recipient. The student must:

- a. Be enrolled as a full-time student through seven semesters.
- b. Attended Colby High School as a full-time student for four semesters (mid-point of sophomore year to mid-point of senior year).

In cases where there is a tie, based upon the highest cumulative G.P.A. at the end of the seventh semester, the following tiebreaker criteria will be used:

- a. The highest American College Test ACT composite score will determine the recipient. The ACT score must be on file in the student services office by February 1_{st}. The other student(s) tied with the highest G.P.A but not having the highest ACT composite score, will be designated runners up for consideration if for any reason the qualifier does not or cannot accept.
- b. If two or more students remain tied with the highest ACT composite score, additional tiebreakers will be applied. The additional tiebreakers shall be, in order:
- 1. The student who has the greatest number of combined Advanced Placement (AP) and post-secondary level courses scheduled throughout the student's four years of high school. If the course(s) are scheduled during the eighth semester, the classes(s) may not be dropped (unless a withdraw/fail is applied) once the HEAB Award has been named.
- 2. The student who has the highest G.P.A. in Advanced Placement (AP) and post-secondary level courses.
- 3. The student who has the greatest number of dual credit technical college level courses scheduled throughout the student's four years of high school. If the course(s) are scheduled during the eighth semester, the classes(s) may not be dropped (unless a withdraw/fail is applied) once the HEAB Award has been named.
- 4. The student who has the greatest number of credits earned following the seventh semester.
- 5. In the event that a tie still exists after steps 1, 2, 3 and 4, a draw from a new deck of cards shall be used to determine the winner. The highest draw, with 2 being the lowest and ace being the highest shall be declared the winner. Consecutive draws may be conducted until a winner is declared. The student whose last name is first alphabetically, will draw first. The Superintendent shall supervise the draw of the cards. Parents/Guardians of the students tied for the "Academic Excellence in High Education" will be invited to attend the card draw.

HONOR STUDENTS

Colby High School will designate graduates with 3.6667 cumulative GPA as honor students.

G.P.A.

A G.P.A. is determined for full-time students by using their accumulated points from grades received (A=4, B=3, C=2, D=1, F=0), and dividing the total points by the number of credits taken. Rank in the class then evolves as students graduation class is compared to one another in a descending rank. GPA is used only to designate honor students for graduation and the HEAB scholarship recipient. Visiting students who are part of foreign exchange program, although they may meet the GPA, are not included in class rank. Pluses and minus are used and calculated in G.P.A.
