

FOOD SERVICE MANAGEMENT

The school lunch program is an integral part of the total education program and as such shall be governed by the same principles and type of control as any other division of the school system.

Food services shall include hot lunches through participation in the national school lunch program.

As required for participation in the national school lunch program, the school agrees to the following regulations.

A "type A" lunch be made available for students.

"Each school shall offer its students all five food items of the lunch. Senior high students may be permitted to decline up to two items. Students below the senior high level may be permitted to decline up to two items, or only one item, at the discretion of the local school food authority. A student's decision to decline food items or accept smaller portions shall not effect the charge for the lunch. State educational agencies shall define 'senior high'."

Free or reduced price lunches be provided students who cannot afford to pay the price of the "type A" lunch.

Students shall also be permitted to bring their lunches from home and to purchase beverages and ala carte items at an additional fee.

The board recognizes the value of a nutritious school lunch program and will not authorize competitive food sales during regularly scheduled meal service.

The District shall not discriminate in school-sponsored food services programs on the basis of sex, race, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation, physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.
