Dr. Kolden Colby District Education Center 505 W. Spence Street P.O. Box 139 Colby, WI 54421

Dear Dr. Kolden:

Thank you for encouraging <u>all</u> of the Colby Elementary School staff and students to attend the previews for the summer reading program of One Your Mark...Get Set...READ!" at the Colby Public Library (CPL) in May.

We had great participation this year, as we persuaded 323 youth to register for the summer reading program. The readers set a CPL record: over a 531,847! Because of the previews, we had many children encourage parents to visit the library to become active cardholders.

Our summer reading program is one way to keep students reading over the vacation months to maintain the reading levels that the teachers work so hard to attain during the school year.

We are grateful for the opportunity each year to promote reading for the CES children. We hope to continue this alliance annually with the Colby Elementary School staff and Parent Teacher Organization.

Sincerely,

Vicky L. Calmes

Operationalizing a Strategic Plan

The success of this endeavor is based on the leadership of the Board of Education and the Superintendent to operationalize this plan.

The effects of atrophy can be minimized by creating an accountability process. This process includes:

- Monitoring cycles
- Timely reporting of progress
- Identification of roles and responsibilities
- Implementation of action plans
- Evaluation or measurement of success
- Adjustment of action plans
- Annual review and establishing of yearly goals

The process described above is called Plan-Do-Study-Act and was developed and promoted by the American Society for Quality. This organization is very heavily connected to business and industry and is a leader in developing systems that aid in producing high quality and effective management practices.

PRE-REGIONAL MEETING WORKSHOP REGISTRATION PRE-REGIONAL MEETING WORKSHOP (Optional): Coming to Order: How to Plan and Conduct Effective School Board Meetings

All school boards conduct their business in similar meetings. However, the effectiveness of their meetings can vary widely. How a board sets its agendas and plans for and conducts its meetings can impact the board's success in moving the needle on student achievement. In this workshop, a WASB attorney will review the legal requirements for meetings and board member roles as well as how to structure meetings to achieve different purposes, conduct an effective board meeting, record meetings appropriately, and accommodate public participation. WASB Attorney

A Pre-Regional Meeting Workshop will be held prior to each Regional Meeting in the same facility as the Regional Meeting. The workshops are open to school board members, district administrators, administrative assistants and other relevant staff. Members are welcome to attend a workshop in any region, Regional Meeting registration is not required.

Each member school board and CESA board has one vote to elect a WASB regional director.

FEATURE PRESENTATION:

THE CONTINUOUS IMPROVEMENT OF SCHOOL BOARDS

An effective school board uses strategic planning and data-based decision making to continuously drive improvement and affect student achievement. The role of the board is to set goals for the district and to ask key questions – both of itself and the administration – to ensure that those goals are being met through the planning and decision-making process. In order to determine progress, key data points must be analyzed.

What are the data points your board is using to evaluate student achievement goals and the board's effectiveness? What are the questions your board is asking to ensure that its goals are being met? Use this opportunity to learn what other boards in your region are doing and to foster a conversation about continuous improvement on your board.

Dear Mrs. Diedrich.

Though I have enjoyed the past four years at Colby High School, I have decided it is time to move on. I have recently accepted another teaching position with another school. This decision was difficult. At this point I feel the need to make a move to be closer to my hometown. My resignation date will be July 28th, 2016.

Thank you for the opportunities and experiences I have gained while teaching in Colby. I will look back fondly on my time spent in Colby with the staff and students that I was able to work with.

Please let me know if there are any additional steps necessary in this process. I have removed my personal belongings from my classroom and turned my school keys into Marcia Diedrich. If there is anything else that I can do to make the transition easier please let me know.

Sincerely,

Aime Long

Unless otherwise provided herein, no limitation or restriction on the remedies available to either party is intended by these terms and conditions.

RE: Proposal Request (PR) #24

Colby Middle & High School Act 32 Improvement Projects

DESCRIPTION OF CHANGE:

This proposal is for additional abatement in two locations that were not accessible to CESA10 at the time of the initial abestos survey. One location was the ductwork insulation on the exhaust duct above the kitchen ceiling. This required removal to modify the ductwork, and also required replacement of the existing ductwork that was removed. The second asbestos containing insulation was found on the elbow fittings within the masonry walls at the pool showers. This material was required to be removed to be able to make the new connection to the existing piping for the new showers.

5. Damages and Liability.

COMPLETE CONTROL'S TOTAL LIABILITY IN DAMAGES OR OTHERWISE FOR ANY CLAIM ARISING FROM OR IN CONNECTION WITH THE PRODUCTS OR ANY SERVICES PROVIDED BY COMPLETE CONTROL IN CONNECTION THEREWITH SHALL NOT EXCEED THE PAYMENT, IF ANY, RECEIVED BY COMPLETE CONTROL FOR SUCH PRODUCTS OR SERVICES. IN NO EVENT SHALL COMPLETE CONTROL BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, PUNITIVE, OR SPECIAL DAMAGES, INCLUDING BUT NOT LIMITED TO ANY LOSS OF USE, LOST REVENUES, LOST PROFITS, DAMAGE TO ASSOCIATED PRODUCTS OR FACILITIES, COSTS OF REPLACEMENT POWER, COSTS ASSOCIATED WITH DOWNTIME, AND ANY SIMILAR OR DISSIMILAR DAMAGES, EXPENSES, OR LOSSES, AND REGARDLESS OF HOWEVER CAUSED, WHETHER BASED ON CONTRACT, TORT, OR ANY OTHER LEGAL THEORY. It is expressly recognized and agreed by the parties that the predominant purpose of this agreement is the provision of goods. Liability to third parties for bodily injury or death resulting from Complete Control's performance or Products shall not be affected by the limitations set forth above in this Section 5 and shall be determined in accordance with Section 6, below, in proportion to Complete Control's relative fault under applicable law.

- Buyer shall be responsible for all liability for damages arising from or in any way related to the use or operation of any Products by Buyer, its employees, agents, and other non-Complete Control personnel. Notwithstanding the foregoing and notwithstanding any fault or neglect attributable to Complete Control, Complete Control shall have no responsibility whatsoever for, and Buyer shall Indemnify, defend, and hold Complete Control harmless from, any and all damages or injury that arises from or relates to any use, operation, or service of any Products contrary to written warning or instructions given by Complete Control with respect to such Products, including but not limited to unauthorized use and/or modification of any Products or components thereof.
- 7. Cancellation Before Full Performance. If the Buyer cancels this contract before complete performance, the Buyer shall pay to Complete Control, as liquidated damages, in lieu of any and all other remedies, (a) 25% of the full contract price for engineering, drafting

and mobilization costs, and if Complete Control has commenced post-mobilization work, that percentage of the full contract price as is equal to the percentage of such work then completed and in place at the time of cancellation, and (b) the costs which the Complete Control shall have incurred at the time of such cancellation by reason of its having ordered materials and supplies required to effect its performance under this agreement, provided that no payment for such costs shall be required until such time as such materials and supplies in question shall have been delivered to the jobsite or to such alternative site as the Buyer may reasonably direct.

- 8. Changes. Without nullifying this agreement, the Buyer may make reasonable changes adding to the scope of the work performed or Products provided under this agreement (an "extra"). Buyer's authorization for an extra may be oral or in writing. Absent a contemporaneous agreement on the price of such extra at the time of authorization, through such authorization, Buyer commits to compensate Complete Control for the reasonable cost of such extra, plus a reasonable markup for Complete Control's general conditions and overhead. Complete Control's proposals are based on straighttime labor, and any request by Buyer for overtime work shall also constitute an extra.
- 9. Limitation of Claims. No claims, regardless of form, arising out of or in connection with the Products or services provided by Complete Control may be brought against Complete Control more than one year after the earlier of the date on which the cause of action accrued or the date on which Complete Control's performance with respect to such Products or services was completed or terminated.
- Dispute Resolution and Fee Shifting. Buyer agrees that in the event of a dispute between the Buyer and Complete Control in any way arising from this agreement or either parties' performance there under, that at Complete Control's option and request the parties shall submit said dispute to binding arbitration in Madison, Wisconsin. The arbitrator shall have at least 10 years of experience mediating and arbitrating construction disputes and shall be selected by mutual agreement of the Buyer and Complete Control. If the parties can not come to a mutual agreement on an arbitrator the arbitrator shall be appointed by application to a circuit court judge for Dane County. The binding arbitration shall be conducted in accordance with the Wisconsin Rules for Arbitration of Construction Disputes. In the event Complete Control prevails, in whole or in part, in the arbitration with the Buyer, the Buyer shall be required by the arbitration award to reimburse Complete Control for all of Complete Control's costs and expenses, including attorneys fees, incurred by Complete Control in connection with any and all disputes between Complete Control and Buyer in any way arising from this subcontract or the parties' performance there under.
- 11. Governing Law, Compliance with Laws. These terms and conditions shall be governed by and construed in accordance with the laws of the State of Wisconsin.
- Miscellaneous. (a) <u>Performance</u>. Complete Control shall not be liable for any loss, damage, delay or other default in delivery or performance that is due to unforeseen circumstances, or to causes beyond its control, including without limitation, strike, lockout, rlot, war, civil unrest, fire, flood, and other similar and dissimilar natural causes, act of God, acts of third parties, sabotage, vandalism, embargoes, labor disputes, unforeseen delays in obtaining any permits or licenses, or other delays caused by government action or inaction or contractors or subcontractors (other than those contractors or subcontractors under the control of Complete Control), acts of civil or military authorities, and any other cause or condition beyond Complete Control's reasonable control. Provided any such delay or default is neither material nor Indefinite, the time for Complete Control's performance shall be extended for a commercially reasonable period of time and thereafter Buyer shall accept performance hereunder. In the event of delay occasioned in whole or in part by factors under the control of the Buyer, Complete Control shall be entitled both to an extension of time to perform as well as compensation as an extra.
- (b) <u>Default</u>. Buyer's failure to either make any payment when due or comply with any other material term or condition of these terms and conditions shall constitute default. If Buyer has not cured the default within 30 days after Complete Control gives written notice of such default, Complete Control may, in addition to any other rights and remedies provided herein or under law, terminate the agreement between itself and Buyer and terminate its obligations to perform thereunder by giving Buyer written notice to take effect upon receipt. In such event, and in addition to any other damages provided herein or allowed under applicable law,

Complete Control shall recover all costs, expenses, and attorney fees incurred in connection with such default and termination.

- (c) <u>Changes</u>. Prior to delivery, Complete Control may change the construction, design or configuration of the Products without notice to Buyer as long as the general function of the Products is not thereby altered. If, prior to delivery, the general function of the Products will be altered by a change in construction, design, or configuration then Complete Control shall notify Buyer, and Buyer shall then have the option to terminate the agreement between itself and Complete Control for such Products and recover any and all monies paid to Complete Control thereunder.
- (d) <u>Assignment</u>. Neither party may assign any of its rights or delegate any of its duties hereunder without the prior written consent of the other party, such consent not to be unreasonably withheld. Notwithstanding the foregoing, Complete Control may, without the prior approval of Buyer, assign its rights and obligations hereunder to a surviving corporation in the event of a merger or consolidation between Complete Control and the surviving corporation or to an entity that acquires substantially all the assets of Complete Control relating to the subject matter hereof; provided that the surviving corporation or an entity that acquires substantially all the assets of Complete Control shall assume all the duties, liabilities and obligations of Complete Control hereunder.
- (e) <u>Waiver</u>. The failure of Buyer or Complete Control at any time to require the performance of any obligation will not affect the right to require such performance at any time thereafter. The waiver of any remedy with respect to any default will not be taken as a waiver of any remedy for any succeeding default. Unless otherwise provided herein, no limitation or restriction on the remedies available to either party is intended by these terms and conditions.
- (f) Invalidity and Interpretation. The Invalidity or unenforceability of any provision hereof, whether in whole or in part, for any reason, will not affect the remaining provisions, and all terms and conditions will be construed in all respects as if any such invalid or unenforceable provision(s) were omitted. Course of dealing, course of performance, course of conduct, prior dealings, usage of trade, community standards, industry standards, and customary practice or interpretation in matters involving the sale, delivery, installation, use, or service of the Products and services provided hereunder or similar or dissimilar Products, goods, or services shall not serve as references in interpreting the terms and conditions hereof.
- (g) Entire Agreement. These terms and conditions together with the applicable proposal(s) for Products and any related documents expressly agreed to in writing by the parties contain the complete and exclusive statement of the terms of agreement of the parties with respect to the subject matter hereof and supersede all prior understandings, representations, and warranties, written or oral.
- (h) <u>Survival</u>. The provisions of, and respective obligations of the parties under, Sections 2, and 5 through 12, inclusive, shall survive any termination this agreement with respect to the Products or services of Complete Control.
- (i) <u>Conflicts</u>. In the event of any ambiguity or conflict between or among these terms and conditions, Complete Control's proposal(s) for the Product(s), and any other agreement or writing signed by Complete Control, the express terms of the proposal, and if there are no such terms with respect to the subject matter in question, these Standard Terms and Conditions shall govern and control. In no event, however, shall any additional, differing, conflicting, supplemental or other terms and conditions stated in any purchase order, acknowledgment, contract or other document issued by Buyer have any effect or bind Complete Control unless such terms are specifically accepted in writing by the President of Complete Control.

Steve,

Enclosed below is information for your school board meeting. We also have arranged for the equipment engineer to come onsite on Tuesday, August 16th at 11:00 am to finalize the installation details/room design.

For your upcoming school board meeting, here are some talking points/facts about updating the distance learning classroom:

EQUIPMENT COSTS

Total System Cost: \$66,029.03 a) Federal Grant Subtotal: \$32,208.96

b) Colby District Cash Match Subtotal: \$33,820.07

EQUIPMENT DETAILS

One (1) ceiling microphone

Two (2) 80" HDTV's in the front for student use

One (1) 80" HDTV in the back for teacher use

Wall mounted HD video camera system which is voice activated

Ceiling document camera

(Will reuse the current teacher's desk/students desks and chairs)

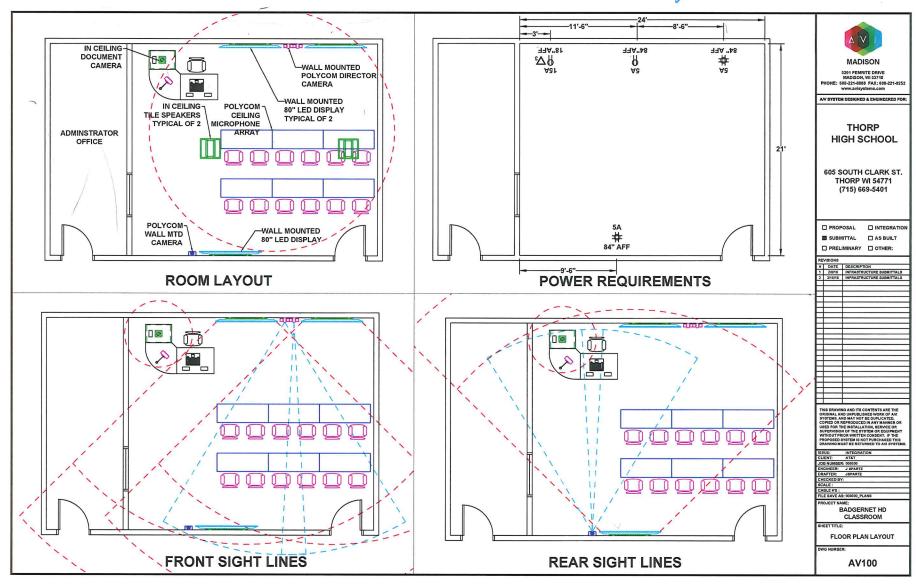

REMODELING COSTS

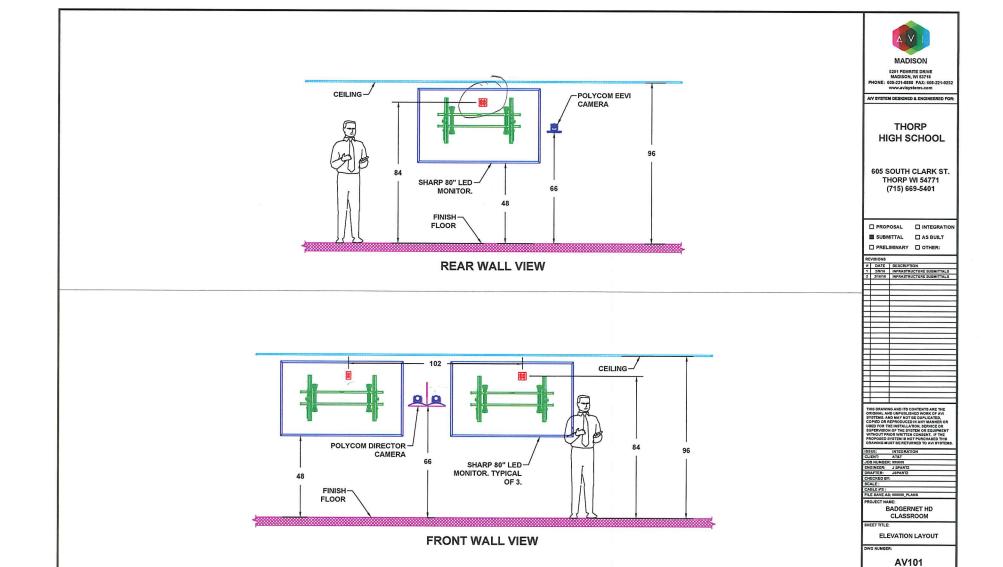

Electricity for the HDTV's will need to be installed in the classroom at school district expense. Other remodeling such as new carpeting or painting will also be at school district expense.

UPGRADE BENEFITS

- * The equipment in the current (old) room is fifteen years old. All of the equipment is out of warranty and parts are hard to get. The desk-top microphones have been a constant source of audio problems as the room gets older.
- * The old room is standard definition. All broadcast television today must be HD (High Definition) compatible. The HD signal provides a better quality audio and video experience for the participants. The HD image will enable classes such as AP Calculus or CAD Basics, which rely heavily upon the teacher showing printed text or computer software/application images, to be easy to show to the remotes sites.
- * The new room will work for many other purposes besides the high school credit classes. School staff can use if for in-school workshop presentations (i.e. computer software training) and school board meetings. By connecting to the district data network, the school board meeting could be live streamed to the community if of interest. WASB also provides training and updates for school boards via videoconferencing.
- * With the new room equipment, one student HDTV in the front will show the teacher. The other student HDTV in the front will show the teacher's content—such as documents and computer application screens. The one teacher HDTV in the back show's the image of the remote students for the teacher to see.
- * The new room will enable the teacher to hook up a computer and send the computer image out to the remote sites to see as well as the on-site participants to see. Very useful for many different applications.
- * The new equipment will provide a reliable video classroom for another generation of high school students to benefit by taking advanced classes within the safe and convenient location of the local high school building.

being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

On referendum questions, where **paper ballots** are used, the elector shall make a mark (X) in the square next to "yes" if in favor of the question, or the elector shall make a mark (X) in the square next to "no" if opposed to the question.

When using a tactile ballot marking device (Vote-PAD) to mark a paper ballot, the elector shall obtain from the inspectors, the assistive device and any audio or dexterity aids if required. On referendum questions, the elector shall fill in the oval or connect the arrow next to "yes" if in favor of the question, or the elector shall fill in the oval or connect the arrow next to "no" if opposed to the question.

On referendum questions, where **optical scan** voting systems are used, the elector shall fill in the oval or connect the arrow next to "yes" if in favor of the question, or the elector shall fill in the oval or connect the arrow next to "no" if opposed to the question.

When using an *electronic ballot marking device ("Automark")* to mark an **optical scan** ballot, the elector shall touch the screen at "yes" if in favor of the question, or the elector shall touch the screen at "no" if opposed to the question.

On referendum questions, where **touch screen** voting systems are used, the elector shall touch the screen next to "yes" if in favor of the question, or the elector shall touch the screen next to "no" if opposed to the question.

The vote should not be cast in any other manner. Not more than five minutes time shall be allowed inside a voting booth or machine. Sample ballots or other materials to assist the elector in casting his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

If the elector spoils a **paper** or **optical scan** ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place.⁴

The elector may spoil a touch screen ballot at the voting station before the ballot is cast.

After an official **paper ballot** is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The elector shall leave the booth, deposit the ballot in the ballot box, or deliver the ballot to an inspector for deposit, and shall leave the polling place promptly.

⁴ Remove this sentence if only touch screen voting system(s) are used.

After an official **optical scan** ballot is marked, it shall be inserted in the security sleeve so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device and discard the sleeve, or deliver the ballot to an inspector for deposit. If a central count system is used, the elector shall insert the ballot in the ballot box and discard the sleeve, or deliver the ballot to an inspector for deposit. The elector shall leave the polling place promptly.

After an official **touch screen** ballot is cast, the elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot.
